## LIVESTOCK MEN TO MEET IN THORNDALE TUESDAY, SEPT. 5

PLANS FOR COUNTY SHOW TO BE DISCUSSED AT THIS MEETING.

The attention of the secretary has been called to an error which has been made regarding the date of the next meeting of the Milam County Purebred Livestock and Poultry Association to be held in Thorndale on Tuesday September 5.

It has been published that the meeting would be held on Tuesday Sept. 12 but the by laws of the Association sets the meeting for the first Tuesday which will be September 5. The attention to the error was called by J. D. Campbell of Thorndale, a member and director of the Association.

At this meeting which will be held in the offices of the Chamber of Commerce in Thorndale plans for exhibits at the County Livestock show and fair will be planned. The Livestock Association is planning heavy exhibits at the show and the members are being urged to start at once to groom their stock and poultry for the show.

The Association meeting will be alternated between the several towns in Milam county. The Association was organized in Rockdale on June 10. The first regular meeting was held in Cameron, the next to be held in Thorndale.

Sam Mewhinney, president, expects the membership committees to have good reports at the Thorndale meeting at which time the membership roll is expected to be made much larger. Rockdale now leads all towns in the county in point of membership with Cameron a close second. Thorndale will likely come in for a big increase and may nose out the county capital.

It is hoped that the correction in the date announced for the Thorndale meeting will be noted and all the members make an effort to be in Thorndale on Tuesday September 5.

### AD HALL.

We will hold our usual service at Ad Hall on Sunday afternoon, at 3:30 o'clock. Everyone invited.

H. R. McFadyen.

### PRESBYTERIAN CHURCH.

Expect the usual service on Sunday morning, preaching by the pastor. Union service at the park in the evening.

H. R. McFadyen.

Judge E. B. Muse and son Willard, passed through Cameron last week end on their way to Devil's River. Mrs. E. B. Muse accompanied them as far as Cameron and stopped over for a short visit with her sister, Mrs. Jno. Watson.

## School Starts In Cameron September 11th For 1922-23

### FULL CORPS OF TEACHERS READY FOR FALL TERM OF PUBLIC SCHOOLS.

The public schools in Cameron will open on September 11, according to announcement of Dr. A. S. Epperson, president of the school board.

L. H. Kidd, superintendent of the school, who has been teaching in the summer normal in San Marcos this year, will return to the city within a few days to prepare for the opening of the school here on September 11.

Mr. Kidd has served as superintendent here for a number of terms and had builded the school to where it is now one of the most beneficial educational institutions in the state.

Combined with the general courses of the schools is the business course at the Yoe High School which turned out a number of graduates at the close of the term in the early part of this year.

Many of the teachers who taught here last year will return but there will be a large number of new ones on the faculty. It is said that all places have been filled for several weeks.

## PARK EQUIPMENT BEING INSTALLED FOR PLAYGROUND

OPEN AIR PLAYING DEVICES FOR CHILDREN ERECTED IN CITY PARK BY CITY.

Playground equipment ordered by the city of Cameron about two months ago arrived in Cameron Monday and is being installed for the benefit of the children for whom this equipment was purchased.

It is the plan of the city to make of the city park a place of recreation and outdoor pleasure for the little children of Cameron and in addition to playground equipment purchased by the city the city has erected a concrete wading pool in the park which is being widely used by the small children.

The equipment installed for the playground is for small children only and grown up folks and large children are requested not to use this equipment.

At the beginning of the present administration the park was cleaned up and the band stand repaired and painted. Then an order was placed for this equipment.

In maintaining the park the city has the active co-operation of the civic league to whom is due the credit for this park, the members having purchased a large part of the land and improving it.

## OIL OPERATORS ARE ENTERTAINED BY ROCKDALE CLUB

OPEN MEETING OF CHAMBER OF COMMERCE HONORS OIL MEN.

The Rockdale Chamber of Commerce at an open meeting held in the city hall at Rockdale, Tuesday evening, August 15th, was attended by many people from the surrounding towns. The members of the Milam County Oil Men's Association were guests of honor for the evening, and to say the least, they were royally entertained.

The meeting in which no regular business was transacted was opened by President H. T. Coulter of the Chamber of Commerce, who turned the reins over to W. B. Ferguson, president of the Milam County Oil Men's Association who acted as toastmaster.

An address of welcome was delivered by Hon E. A. Camp of Rockdale, who commended the spirit of the pioneer oil man, and the response was made by F. S. Booher one of the Directors of the Association. J. J. Pierce, vice president of the Association entertained the crowd with his original interpretation of a bull fight in Mexico, concluding part of the program with a song entitled 'Grand Opera in Ragtime.'

Addresses were made by H. Wyatt, secretary of the Chamber of Commerce, J. Emmett Baird, formerly secretary of the Mexia Chamber of Commerce and Mr. C. F. Drake of the Mo-Jo Filter Company of Rockdale. Music for the occasion was furnished by the Rockdale Concert Band. After the program, the crowd was served with delicious punch and sandwiches by the Camp Fire Girls.

The evening was an enjoyable one which was enjoyed by all who attended.

### OPENS INSURANCE AND REAL ESTATE OFFICE.

J. E. Bell of Burlington who has been in Cameron for the past several months has opened an office in the Lawrence building and will write insurance, handle loans and sell real estate.

Mr. Bell invites his friends to patronize him and to call and see him at his office. He has had many years experience in handling loans and insurance and with the line of a number of the leading insurance companies he hopes to build up a large insurance business in Cameron. He will also handle fire insurance.

## COTTON WORTH \$105 A BALE IN CAMERON

Cotton sold for 21 cents in Cameron Thursday.

This means that the farmers are receiving \$105 per bale for 1922 cotton basis middling.

This is the best price in many months and cotton is being put on the market at a rapid rate because of the dry weather and favorable picking conditions. No scarcity of cotton pickers has been reported but with

continued dry and hot weather the crop will be gathered within a short time.

It was estimated here this week the county will produce in 1922 45,000 bales of cotton. The normal average crop is about 60,000 bales. In 1920 the county was fifth largest cotton producing county in the world, producing about 80,000 bales.

## Council Rejects Meter Proposals of Water Company

VOTES TO REQUIRE EXPENSE TO BE BORNE BY WATER CO. ON INSTALLATION.

The city council by a vote Tuesday rejected the proposals of the water company for the enactment of an ordinance permitting the installation of a meter system on all water service in the city with the charge to be made and paid by the consumers.

The city voted to place the burden of installation cost upon the water company.

C. W. Lawrence went before the council to present the matter in behalf of the company, it being understood by the company, that this would be permitted in view of the improvements made on the water system. The council agreed that a meter system was not an objection but could not agree that the consumer should pay the cost of installation. If an order permitting the company to install a meter system on all water service were granted it would mean the installation of more than 200 meters in the city. The minimum charge is about \$1.50 and the rent is 25 cents per month.

As a compromise offer Mr. Lawrence agreed that the company would bear the cost of installing the meters in the residence sections but would require consumers to pay this cost in the business district. This proposal was also rejected by the council and the matter was referred to the committee on Fire and Water.

The council takes the position that the installation cost should be born by the company as a part of the service rendered.

The company has recently installed an improved system of handling the public water supply, tests on the water being made and published each week.

## Yoe Will Admitted To Probate Here

The will of the late Mrs. C. H. Yoe who gave to Cameron the magnificent \$200,000 school building, was admitted to probate in the court of Judge Jeff T. Kemp on last Tuesday.

The will involving one of the largest estates in the county makes provision for the maintenance of the school and for the construction of a hospital in Cameron to cost not more than \$75,000 and less than \$40,000.

A. N. Green is made administrator of the estate without bond. Henderson, Kidd and Henderson were the attorneys for the estate.

The following are some of the outstanding bequests of the will:

The will which is a document of length makes disposition of an estate valued at approximately \$200,000. The will recites in the beginning the bequest of \$125,000 which was spent by Mrs. Yoe in 1919-20 for the C. H. Yoe High School building.

With the exception of about \$15,000 in money which is left to relatives and friends in sums ranging from \$25 to \$2,000 the entire estate is left

to the C. H. Yoe High School and the Memorial Hospital.

The second largest bequest is for \$15,000 which is made for the establishment of a manual training department in the C. H. Yoe High School.

A. N. Green, Dr. J. C. Reese and Dr. M. C. Sapp are named trustees of the entire estate and of all bequests. A. N. Green is made executor of the will without bond.

Dr. Sapp aside from a bequest of \$2,000 is made superintendent of the Memorial Hospital for his life time.

Provision is made for the sale of the Yoe home and of jewels owned by Mrs. Yoe, all of the proceeds to go to the funds of the estate to be prorated as per the bequests.

The Presbyterian church is given \$5,000. A student loan fund of \$5,000 is to be paid to the Charles Lawless Green fund.

One of the outstanding bequests of the will is 43 acres of land to be used by the Yoe High School to teach agriculture.

### KU KLUX ORGANIZE KLAN IN MILANO.

The Ku Klux Klan has organized a Klan in Milano according to the Milano Gazette which states in its August 12 issue that well founded rumors have it that the Invisible Empire has organized there, and that the

organization is reported to have taken place on August 3.

With the organization of the Milano Klan Milam county has four organized Klans. They are located at Cameron, Rockdale, Gause and Milano.

Speaking of the organization the Gazette says:

"It is rumored over town that the

## STREET LIGHTING SYSTEM PURCHASED BY CITY OF CAMERON

BUSINESS DISTRICT TO HAVE WHITE WAY WITH TRAFFIC GUIDE LAMPS.

Purchase of street lighting equipment for the business district of the city of Cameron was made by the city council at the meeting Tuesday. The equipment consists of steel lighting poles for the street intersections for the business district with traffic guide signs.

Eleven of these lights will be placed in the business district with four to be placed around the court house by the county. Purchase of the lights for the county has already been made and the matter of installing them has been delayed pending the purchase by the city of the eleven street lights.

Four of the street lights purchased by the city will be placed in intersections around the court house square thus giving eight powerful lights about the court house square.

This is the beginning of what many hope will become a large street lighting system. In addition to the lights being installed by the city and county the Cameron Water, Power & Light Company has purchased two large standards for their property at the plant. This will give the business district seventeen powerful street lights and will be a good start toward a better and more complete system.

The standards with all equipment were purchased from the Southwestern General Electric Company of Dallas.

The street committee of which C. R. Phillips is chairman will have charge of the erection of these standards. The order for these standards will be placed at once, the Cameron Water, Power and Light Company defraying half the installation cost of this entire system, a liberal and praiseworthy act on the part of this company.

## ELCETION ORDERED

Petition for an election to be held for the purpose of voting bonds in the sum of \$14,000 for an extension of the sewerage system in Cameron and to levy a tax of ten cents for the support of the band and for park maintenance was granted at the meeting of the City Council Tuesday.

Order of election is now being prepared by the city attorney and it is expected that the election will be held about the middle of September. The order for this election brings to an end a long struggle for an opportunity to vote upon the question of a tax for a band and park maintenance, the matter having been up for consideration in the council on two previous occasions and was the subject of long debate in the commercial club, that body having twice recommended the tax.

The bond issue for sewerage will give the city of Cameron a much needed improvement, enabling development of sections of the city now without sewerage.

The petition on which the election was ordered to be held was circulated by J. W. Coleman and W. B. Skelton and was signed by more than one hundred qualified tax paying voters of Cameron.

Ku Klux Klan organized here Thursday, August 3. However, not knowing for sure, and not being able to find out who is the head guy, makes it impossible to print any particulars."

### TAX RATE.

The State Automatic Tax Board has fixed the State tax rate at 75 cents on the one hundred dollars valuation. The county rate was fixed by the Commissioners Court at 62 cents on the one hundred dollars valuation for 1922, making the total state and county tax rate \$1.37.

Phone 108 for G. B. Rep.

## INTEREST RENEWED IN THE DEEP TESTS NEAR CAMERON

POSEY TO BE RESUMED WITH DERRICK UP FOR NO. TWO.

Despite the cut in crude which has curbed operations in the oil fields throughout the country, the Milam county fields have become more active in the past week, than for some time past. It is true that drilling has been stopped by most of the operators in the shallow pool, but the wild cats are again active, and things are beginning to hum again in outer regions.

The derrick for the number 2 Posey well of the S. A. Guiberson, Jr., interests is being built, and a large rotary rig is being moved in from Mexia by the Hamill Brothers who have the contract for the well. The location for the second well was made 1900 feet, almost due east of number one. The large gas volume that was found in number one well, will be used for fuel purposes in the drilling of number 2. It is expected this well will be started and completed within the next 30 days. The good showing had in the number one well, leads the oil clan to believe that a sure enough gusher will be found in the new location.

The production of the shallow pool is near the 300 barrel mark and the Owens Refining Company continues to give the good service of the Refinery and pipe line to the producers in the field. The Owens Petroleum Company are preparing to drill 3 more wells on the Henry tract within the next few days. Hefley, McIntosh and Thomas are moving rig and machinery on number three location on the McClellan for the drilling of another well. The Tidal Company on the Rountree are drilling, also the Texas Plains Oil Syndicate on the Neihaus. Within the next few weeks the field is expected will be as active as it has been in the past. Big production is looked for and all the oil clan are optimistic.

### SAM SPARKS TO SPEAK FOR EARLE B. MAYFIELD.

Sam Sparks former state treasurer, will speak in Cameron Saturday night in the interest of the candidacy of Earle B. Mayfield for United States Senator.

The meeting will in all probability be held in the city park and under the auspices of the Mayfield club. Efforts are being made at this time to organize a woman's Mayfield Club and a meeting will be held Monday afternoon at 3:30 o'clock in the basement of the Methodist church.

This meeting will be called for the purpose of organizing a Mayfield club among the women voters and a strenuous campaign will be made in behalf of the railroad commissioner for Senator.

Mr. Mayfield was second in the race in Milam county and his friends predict that in the run off on August 26 he will defeat Ferguson who carried the county on July 22.

### T. H. MCGREGOR TO SPEAK FOR FERGUSON.

T. H. McGregor former state senator and in 1920 candidate for governor on the American Party ticket, will speak in Cameron Thursday night on the court house lawn in the interest of James E. Ferguson for United States Senator.

Mr. McGregor is coming to Cameron under the auspices of the friends of Mr. Ferguson who have organized to promote the candidacy of the former governor in Milam county. Mr. Ferguson carried the county by a substantial plurality in the July primary.

Hundreds of circulars have been sent to all parts of the county to advertise the meeting and it is expected that Mr. McGregor will have a large crowd to hear his speech.

It is announced that Mr. McGregor has a special message for women and they are especially invited to attend. Mr. McGregor is one of the most eloquent speakers in the south and will entertain the people.

# SOCIETY and Club

## S. S. PICNIC.

Last Wednesday night the classes of Mesdames Jeff Kemp, Walter Sharpe and Miss Susanah Jackson joined in a picnic at the city park.

They played games, watched the swimmers and wound up with a sumptuous basket picnic supper.

## EVENING PARTY.

Mrs. Roy Jeter honored her niece, Miss Penelope Foster of Bonham, with a beautiful party last Thursday evening.

There were about twenty-two couples participating.

The home was beautifully decorated in vases of zenias.

Tables were arranged for those who wished to play "42" and a room prepared for dancing for those who wished to dance.

At the close of the evening Mrs. Jeter assisted by her sister, Mrs. E. N. Foster of Bonham served delicious pink and white brick cream and angel food cake.

## METHODIST MISSIONARY SOCIETY.

The ladies met with Mrs. W. H. Triggs Monday afternoon. There were eighteen present. The subject was Missions, very interestingly led by Mrs. Howard Baskin.

Mrs. Alex Triggs sang a beautiful solo.

After the meeting Mrs. Triggs, assisted by her daughter, Mrs. Howard Baskin, served delicious cream and cake.

## BAPTIST AUXILIARY.

Circle No. 1, met with Mrs. J. D. Mayfield. There were five present.

Mrs. J. D. Dobbins led the Bible lesson.

Delicious cake and cream was served.

Circle No. 2, met with Mrs. W. A.

Beal. There were eleven present.

Mrs. A. N. Green led the Bible lesson.

Ice cream and cake was served.

Circle No. 3, met with Mrs. Wm. Henderson. There were nine present, and Mrs. Henderson led the Bible lesson.

Refreshing grape juice and cake was served.

Circle No. 4, met at the church with four present and in the absence of their leader discussed the lesson jointly.

+++++ UNDER THE IVORY DOME +++++

We all know a few things, but think we know more.

This world is full of bunk, but this assertion is not a part of it.

When your friends begin to tell you their troubles, unload yours onto them. It works.

Still, if we are unable to get coal this winter it will save us the trouble of kicking over the price.

Never tell a stale joke. Forcing a laugh is too annoying to your friends.

Some people don't believe in paying others back in their own coin. They keep it, instead.

Never judge a fashionable woman by her clothes. Eyestrain leads to blindness.

Summer is on its last legs and winter is beginning to toddle.

Young men in love are adepts at concealing their state of mind—when no one else is around.

A safe way to get good public officials is to select men whom we concede to be better than ourselves—if there are any.

It is plain to be seen that the governor of New York is not a politician. He used \$8,000 of his own salary to pay state bills.

Some people go crooked because they think that right is on the wrong side.

Don't feel embarrassed, sister, when your little brother "spills the beans." A hungry mat-monial fish rises quickly to the bait.

A man's soul is his most priceless possession, and about the only thing that some people ever give away.

For the sake of your intelligence, don't buy a "best seller." Select something fit to read.

The radio craze is still a craze, but it is confined principally to those who want to make money out of it.

With the buffet cars abolished, railroad companies are putting library cars on their through trains. But the books are not hollow.

Why do people persist in calling them "lost souls?" They know only too well where they are.

If the weather man will obligingly predict a severe winter it will help some, with no coal in sight. We know how to take his predictions.

Paris has sprung another attraction for rich Americans. Divorce is easy and without publicity as to details.

Of course, if we can't get rid of the cold in any other way this winter we can put it in cold storage.

History never repeats itself, but the story teller often does.

Don't envy the man you consider lucky. He is probably only using his brains to better advantage than you are.

Of what use is a pipe dream without a light?

Gas is most expensive on the operating table or in the dental chair.

## COMMERCIAL CLUB WANTS MORE OF PUBLICITY.

Directors meeting of the Cameron Commercial Club, Friday night, Aug. 11th, 1922.

Roll call showed the following present:

Officers—Robt. McLane, president, W. W. Chambers, vice president, J. C. Tucker, treasurer, S. A. Cottle, Acting secretary.

Directors—J. W. Coleman, Dr. Jas. Watson, John E. Mangum, Geo. T. Graves, C. W. Lawrence, C. R. Phillips, R. H. McIntosh.

Committee Chairmen—Edwin York, C. W. Bradbury.

Minutes of previous meeting were read and upon motion adopted.

John E. Mangum reported work under way on the Live Stock and Poultry show to be held on Sept. 29th and 30th.

J. E. Maneum called attention to the bad road between Ad Hall and the river and asked why it was not being repaired. Geo. T. Graves of the Good Roads Committee advised that this road is now being repaired.

W. W. Chambers advised the club that work would be resumed immediately on the Posey deep test well and that another well would be started at once.

The matter of publicity was discussed and a request made for more publicity in the daily papers, especially with regard to oil news.

R. H. McIntosh advocated the establishment of a convenient parking place for horses, mules and cars. No action was taken.

## ALL IN A DAY.

"It's all in a day," we hear men say.

But what is a day—for the man, and for the woman?

Custom says that eight hours is the proper amount of time that should be consumed in work in a day. The remaining sixteen hours are for rest, recreation and sleep.

The husband works his eight hours at his place of business and then goes home to his supper. His day's labor is at an end. After supper he lights his pipe, picks up the paper and proceeds to post himself on the affairs of the day. Or perhaps he

goes to his lodge, or "out among the boys."

But what of the wife?

Does she hunt a comfortable chair, and immerse herself in her favorite book, or spend the evening with her neighbor, or in a hundred other different ways that are possible?

Occasionally, but not often.

The dishes must be washed up and put away after the evening meal, and the kitchen and dining room must be cleaned. Then the husband has a pair of socks that need mending, and some buttons to be sewed on, and possibly there is some ironing to be done, and some clothing to be made or mended for the children. The kid-dies, too, need some assistance in their lessons, and the baby has to be rocked and put to sleep in its cradle. And many other things must be done of which a mere man can not think.

Yes, "it's all in a day," both for the man and the woman, but the woman seldom gets the best of it.

## CITY WATER ANALYSIS.

August 11th.—Raw water—Bacteria per CC 1070, Colon B. yes. Treated water bacteria per CC 28, Colon B. no. Temple tap bacteria per CC 4, Colon B. no.

August 15th.—Raw water, Bacteria per CC 800, Colon B. yes. Treated water bacteria per CC 18, Colon B. no. Temple tap, bacteria per CC 10, Colon B. Yes.

Respectfully,  
J. E. ROBINSON.

## IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of Salts to flush out Kidneys—Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

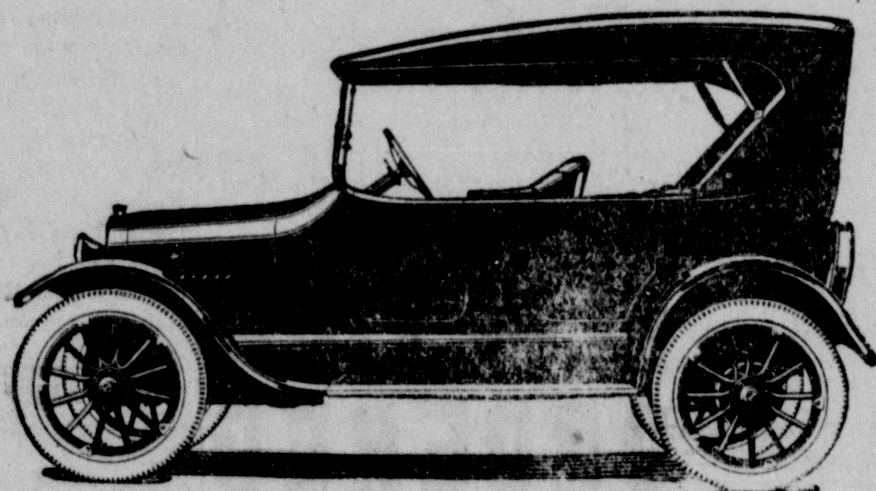

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Phone 108 for G. B. Pep.

## Notice to the Farmers

You may get your cotton properly weighed at the Slocomb Cotton Yard. The yard will be open all day through the cotton season. I will be glad to have you call, assuring you the best service possible.

**The WORLD'S LOWEST PRICED FULLY EQUIPPED AUTOMOBILE \$525**

F.O.B. Flint, Michigan

### QUALITY PRODUCT—

#### QUALITY PRICE.

Chevrolet is the best quality product of the world's largest of quality automobiles. Only great engineering research manufacturing and financing capacity make possible so fine and complete an automobile for so small a price.

Chevrolet now leads all standard fully equipped cars in volume of sales proving that it makes good in service and represents today's greatest motoring value.

### COST LEAST FOR

#### MILES AND PER YEAR.

Chevrolet cost less per mile in consumption of gasoline, oil and tires. It costs less per year, because of small price and lowest repair bills.

It delivers the most economical transportation available in motoring. Yet in construction and appearance it is a credit to its builders and its owners. It has standard 3-speed transmission. Before buying a car at any price it will pay you to investigate the Chevrolet.

Sold in Milam County by the

**White-House Motor Co.**

## Insure Your Future Business

Advertising is simply Business Insurance. Your advertisement of today and tomorrow should have a broader scope than just immediate results. It should be a part of the foundation on which are building for the future.

Just because you may have more business than you can handle today is no reason why you should not advertise. There may come a time when you will not be so overburdened—when you will want business and will not be able to get it, because you have not built a foundation of good will and confidence in your store when you had the chance.

The cost is not so great in the—

## CLOTHES

By HAZEL R. LANGDALE

© 1922, by McClure Newspaper Syndicate.

Henry let the magazine he had been reading slip to the floor as he reached for his tobacco to fill his pipe. Then he glanced at the clock and put his pouch back in his pocket, unopened. Stretching his arms above his head, he yawned.

"Gosh, Jenny, guess I'll turn in. I've had sort of a hard day at the shop, and it's later than I thought. You mind?"

His wife, over her basket of mending, shook an indifferent head. "Night, Henry. Don't forget to wind the clock and set the alarm. I'll finish here and then read a spell to rest me."

Silence settled on the Crampton household—a silence that lasted long after Jenny had placed a skillful patch on a worn tablecloth, had darned several pairs of Henry's socks, and had read her spell in Henry's discarded magazine.

For as she picked up the book where it lay open on the floor beside her husband's chair, a glaring title caught her eye: "Have you kept your husband's love?" Powerfully as a spoken accusation, it riveted and challenged her attention, and she read the indictment which followed with a breathless fascination. Then, when she had finished the article she laid it down with a deeply drawn sigh.

Why, that writer had drawn Henry and her! For wasn't Henry getting unromantically on in years, and wasn't she middle-aged and run-down-at-heel and unattractive? And hadn't Henry long ago gotten over showing any of those intimate little signs of affection which women prize? The occasional tender word—the kiss at the door before going away in the morning—the comradely pat on the shoulder now and again?

And there was a warning tacked on at the end of the article. "Be careful," it read, "that your husband, in a sort of second youth, doesn't look for his happiness elsewhere. If he shows signs of sprucing up himself, unmindful of your appearance, beware!"

Absent-mindedly she followed in Henry's footsteps, making sure that doors were locked and bolted. Then she climbed the stair and crept into bed, only to lie there for many wakeful, planning hours.

The next day she experienced a sharp and sudden pang when Henry left the house without even saying good-by.

Late that afternoon, bundle-laden, weary, yet withal exhilarated, Jenny returned from the city. Her feet dragged a bit, but in her eyes was the light of—was it battle or merely feminine anticipation? Shut in her bedroom, she unwrapped her purchases and spread them upon the bed. Then she did various things to her hair, dabbed a bit of powder on her nose, put a polish on finger nails that had been recently manicured, and, finally, she arrayed herself from head to foot in attire that was brand new, rather expensive, and extremely up-to-date.

As she waited for her husband on the little porch the minutes passed slowly. One suburban car after another stopped at the corner and disgorged its passengers. Still no Henry. Arrived in an in-between rush-hour car, which let out only two women and a man in gray. Jenny bit her lip nervously. This was even later than usual. Why—why—that man in gray was stopping at the gate. He had swung it open—was coming up the path! Why, it was—Henry!

Yes, it was Henry in a new gray suit, new hat, new shoes. And even a new lift to his walk, a new set to his shoulders. Jaunty, almost. Yet his expression was that of a man who has been caught red-handed in crime. It set badly with his air of rejuvenation.

Suddenly that expression changed. Amazement, bewilderment, incredulity chased one another across his countenance. Jenny felt impelled to explanation. Then she would demand the same from him.

"I—I read an article," she said, just a bit defiantly, "about keeping your looks to prolong your husband's love. But you, oh, Henry, what made you?"

Henry drew her gently into the hall within, his arm exerting a tender pressure. "Why, Jenny dear," he said. "I read that same article, and decided that 'what's sauce for the goose,' you know, 'is sauce for the gander!'"

"Henry!" Jenny's voice fairly sang the word. "Wasn't it odd that we both—"

"It sure was," interrupted her husband, hastily. "It sure was."

But considering that Henry had taken pains to drop his magazine open at that particular spot, perhaps it wasn't so very odd, after all!

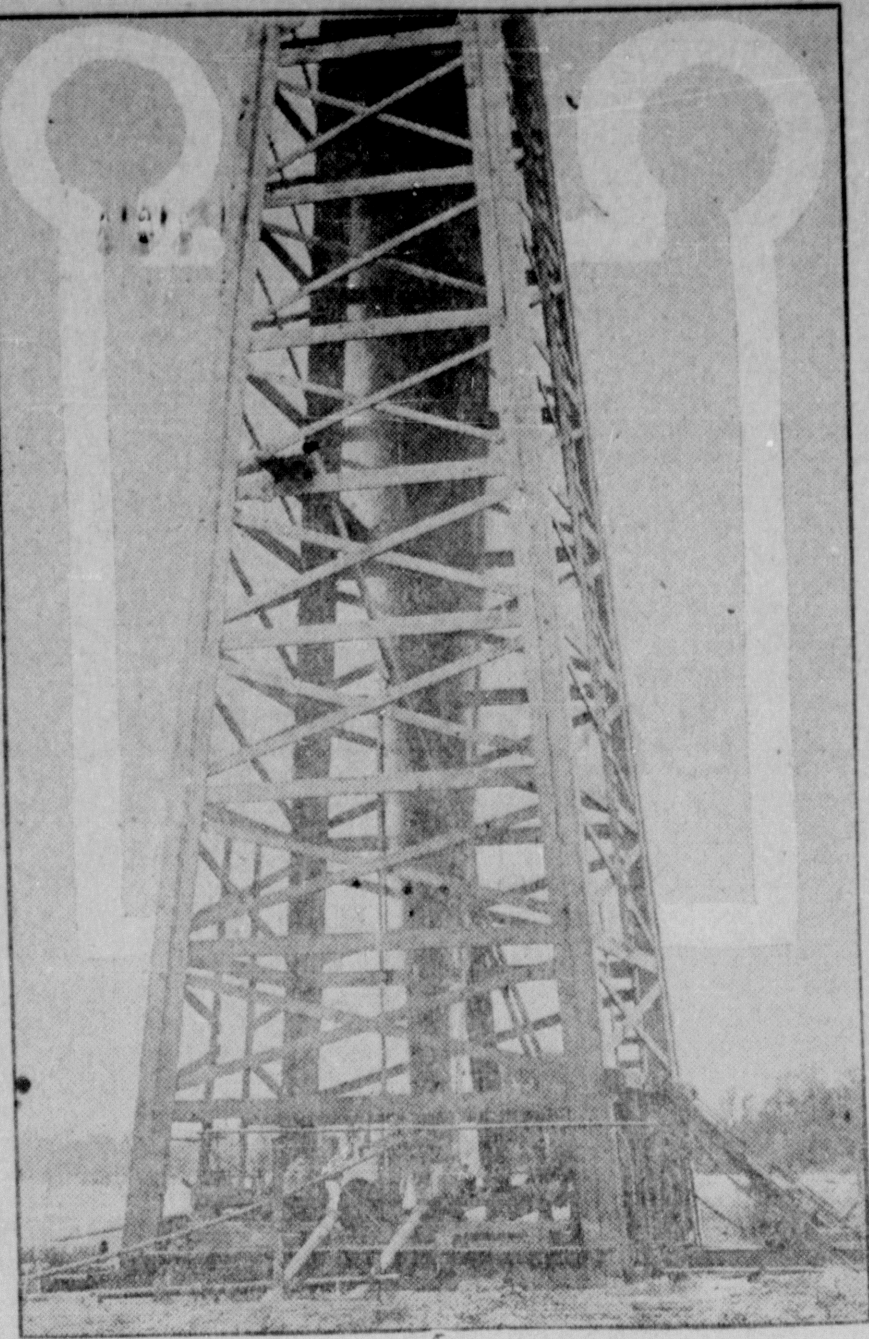

## Niagara Falls.

John Thomas, a small lad of Bedford, Ind., en route to join the father at Rochester, N. Y., had been told they would see Niagara falls before reaching Rochester. They were met at the Indianapolis station by friends with whom they were to spend the day. As they drove around the monument, the youngster, his face aglow with enthusiasm, said: "Oh, mother, is that Niagara falls?"

## Footprints.

"Women are taking a wonderful leadership in affairs of state." "They are," replied Senator Sargum. "Fame has recognized feminine genius. I shouldn't be surprised if in a little while all the footprints in the sands of time were left by high-heeled shoes."

## THE POSEY DEEP TEST SPOUTING MUD 112 FEET.

Operations will begin in a short time at the Posey Deep Test well east of Cameron. Renewal of operation at the well brings to mind the recent barbecue and the performance of the well illustrated by the accompanying photo. Many still have hopes of a gusher on this lease.

## AS THE EDITOR SEES IT.

We often hear people remark that "it makes no difference what others think."

But it does make a difference.

This town is a collection of people.

This state is a collection of cities and towns and surrounding countryside.

This country is simply a collection of sovereign states welded together in a single and central government for their own protection and advancement.

The government is dependent upon the states, and the states are dependent upon their cities and towns and countryside, and the latter are dependent upon the people who compose their respective populations.

And there you have it—an endless chain of dependence one upon another. Does it make a difference "what other people think?"

In Russia under bolshevik rule a man must work with his hands, fight in the army, or do without food, according to a metropolitan newspaper. It would never do to apply such to

### Head Stuffed By Catarrh or Cold? Use Healing Cream

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, sniffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.

### STOMACH TORTURED? TRY YEAST

But Be Sure It's Ironized Yeast

You can't give your job the best that's in you, if you suffer with indigestion, dyspepsia or other distressing stomach ailments. The thing to do, if you want to feel in tip-top condition, with never a thought of stomach trouble, is to try Ironized Yeast. Simply take two tablets with each meal. In all probability you will notice highly beneficial results within the first 24 hours.

Yeast, as everyone knows, contains certain elements which have a wonderful effect on the functioning of our stomachs, and in toning up the system. But Ironized Yeast embodies the new scientific process of ironization which makes yeast just doubly effective. Forget stomach troubles and keep yourself 100% efficient. Get Ironized Yeast today. To try it free simply mail postcard for famous 3-Day Test. Address: Ironized Yeast Co., Dept. 86, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists. Such as Jackson & Read, Cameron, Texas.

strike in its history, with not a wheel turning.

But the motor busses were called into service, and the mayor imported busses from other cities, and automobiles and trucks got into the passenger carrying game, and the strike rapidly assumed the proportions of a municipal lark. Everybody was "getting there" regardless of the strike.

That was too much for the traction officials—likewise for the strikers. They compromised in haste.

Motorbus transportation means an end to street railways, and traction officials, and motormen, and conductors, and fat corporations and dividends.

The motorbus can go anywhere, on any street, or on any country road where other vehicles can travel. The street car runs only on steel rails and its route is never varied.

If an obstruction impedes the passage of a street car it stands still, and the people get out and walk without getting their money back. The motorbus simply detours and takes its passengers on to their destinations.

It is coming, and to stay.

## SOMETHING NEW.

If there is something new in this town, speak up—let's have it.

Human nature of today demands diversity of action, and thought, and

## SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

recreation, and pleasure. The old rut is too small to hold us. It is worn too smooth to keep us within its bounds.

There was a time when people were content to rock along and take things serenely as they came. But that time is of the past, and we are of the present, with an eye focused upon the future.

We crave something new, and are dissatisfied unless it materializes.

It is our nature to push ahead, and accomplish things, and pave the way for greater results on the morrow.

What have you to offer?

"I would not take \$1,000 for what that wonderful Tanlac medicine has done for me," said Mrs. Mattie Lates, of Lexington, Ky. Sold by the New Cameron Drug Company and druggists everywhere.

## Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisons before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

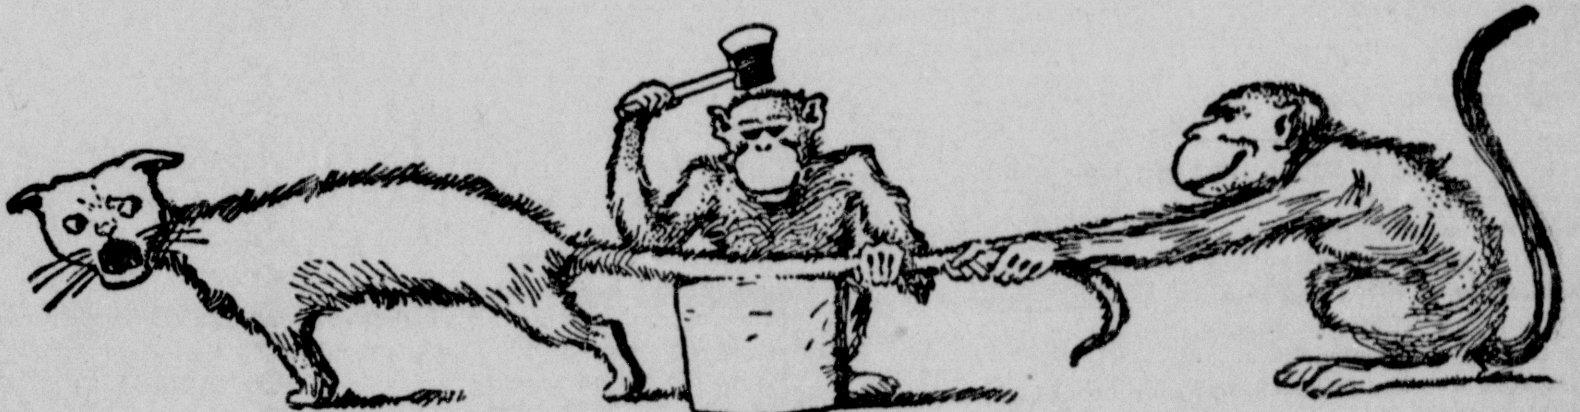

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

## TO MAKE A LONG TAIL SHORT

If you are going to need coal this winter you'd better get it while the getting is good.

The coal situation is pretty well reflected in the letter quoted below:

From The Colorado Fuel & Iron Co.

Fort Worth, Texas, August 3rd, 1922.

Jeter Lumber Co.,  
Cameron, Texas.  
Gentlemen:

Your telegram of July 31st, addressed to Denver, has been referred to me for reply. Beg to advise that it will be impossible for us to ship you the car of coal you ordered on June 10th, BEFORE the last half of this month but we will try and arrange to ship it sometime between August 15th and 31st. We have just about ONE-THIRD as much coal as our regular customers want and IT IS NOT POSSIBLE TO SATISFY ANYBODY.

Yours very truly,

These people are producers of coal, as are Dawson Fuel Sales Co. quoted below:

"Our estimated production has been booked for some little time, and we have discontinued taking orders for shipment before January First.

## THE FEDERAL RESERVE SYSTEM.

Then there are the serious issues confronting the people of Texas in the senatorial campaign, and these issues are of great moment, and involve the well-being of the people of Texas.

One candidate—Jim Ferguson, to be specific—would wreck the Federal Reserve system, which has been rightly designated as the crowning economic achievement of the Wilson administration.

It could be designated with equal truth the greatest economic achievement of congress in its entire history, for the reason that it has given the nation the best banking and currency system it ever had. It was providential that this great economic reform came into existence before the nation entered the war. If it had not, the nation would have suffered the gravest financial disorders, and it could not have financed its own military activities, much less those of other nations with which the United States was associated.

In the world war, with the gold reserves of thousands of banks mobilized, concentrated, and the note-issuing authority centered in the Federal Reserve board, a vast paper issue was kept at a parity with gold throughout the war and in no other nation in the world was this done.

This was because the consolidated reserves of the thousands of banks afforded a basis of financial strength that the erstwhile scattered reserves of many thousands of banks could not possibly afford. The Federal Reserve system strengthened each member bank in a way with the power and strength of all, and it enabled each bank to use a class of its assets during the expanded activities of the war period as such assets could not have been advantageously used otherwise.

The system is not perfect, but where experience demonstrates its imperfections the part of wisdom is to perfect it in the light of that experience, for it is the best and safest system ever devised by any government.

Does Jim Ferguson's banking record and his manipulation of the Temple State bank while he was governor encourage the people of Texas to send him to Washington with a commission to propose the wrecking of the Federal Reserve system?

Ferguson has made the wrecking of the Federal Reserve system an issue of the campaign. Mayfield stands for the preservation of the nation's banking and currency system, and only for such changes as may perfect and strengthen it.

Even though it be true that if Ferguson were to go to the senate and introduce a bill to wreck the banking system no other senator there would pay any attention to it, do the intelligent people of this State want to be made the laughing stock of the country through having a senator who would even propose it?

Does Texas want a senator who would propose wrecking everything from the constitution to the great basis of its vast financial system?

Does Texas want a senator whose perversities on the one hand and absurdities on the other would attract only the scorn and derision of the serious and intelligent members of the senate?

Does Texas want a senator chaste of speech or one who would shock the sensibilities of men sitting in that environment of refinement and dignity by such profanity and coarseness as are now shocking so many people who hear Ferguson's utterance in Texas?

It is for the people of Texas to answer. Either Earle Mayfield or Jim Ferguson will be the next senator from Texas. The choice is between the two.

For United States Senator, Earle B. Mayfield.—Houston Post.

## THE TOWNER-STERLING BILL.

Are you an educated man?

Ask yourself. You won't be able to answer but ask the question anyway. Whether you are college president or day laborer, minister in a pulpit, or tiller of the soil, seller of boots and shoes, or buyer of farm products, you won't be able to answer truthfully, because you don't know just what is meant here by the term "educated."

Is a man educated who knows books, and only books? If a professor of Sanscrit tried to make his living pitching hay, he would be as badly off as the farm hand who essayed to teach a dead language. Education must fit for a particular job, or it isn't education. So the question must be asked if asked intelligently, "are you educated for your work?"

The United States as a whole is passing through a formative period in education. To the pioneer "book learning" represented all that he didn't know and wanted to know. But today mere "book learning" does not mean education in the true sense, unless for a bookish career.

Education must fit a man for his work in life, or it is not real education.

A college teaching farming educates a man to be a farmer, but would be poor training for a doctor. The farmer who tried to learn rotation of crops and the chemistry of fertilizers by studying in a medical school would not receive an education which was of use to him.

So it is with too many of our schools. They teach, but what they teach is not what many of the students need most to know.

That is one of a thousand reasons why the Towner-Sterling bill now before Congress, to create a Department of Education, must be made into law—that there be some Government agency with the authority and the power to investigate and advise regarding education, that our young people may learn what they need to learn in order to be successful men, women, and citizens.

## THE STRIKE

The United States Government is the supreme power in the United States or it is not.

There is no middle course.

If the United States Government is the supreme power in the United States, it must show that supremacy by making impossible the dictation of any man, any body of men, any corporation, company, labor union, or organization of any kind.

The spectacle of one hundred and ten million people being subjected to discomfort, possible danger, and loss of money and business in order that two distinct groups within the hundred and ten millions may settle their differences by legalized combat, is one at which the hundred and ten millions are looking more and more with disgust.

If John works for James and doesn't like the job, he quits. That is John's business. If James thinks John is a poor worker, he fires him; that is James' business. But if John blows up James' shop, or James brains John with a club, that is the State's business. And if John and James engage in a gun fight, which endangers every one near them, that is every one's business, and both of them soon find themselves in jail.

For John and James, read union labors and coal mines and railroads. If they can fight without injuring the bystander, no one cares; let them fight. But the miner can not cease to produce coal, or the railroad cease to move cars, without freezing the bystander, starving the bystander, robbing the bystander of business. That, then, is the bystander's business, everybody's business, the Government's business.

Public ownership of coal mines and railroads is abhorrent to American business ideas; but better paternalism in Government than dictation to Government by private interests!

E. A. WALLACE WILL  
BE CITY ATTORNEYCAMERON LAWYER NAMED BY  
COUNCIL TO SUCCEED S. M.  
BURNS, JR.

E. A. Wallace, Cameron lawyer, was named by the City Council Tuesday to succeed S. M. Burns, Jr., resigned.

The resignation of Mr. Burns as city attorney was filed with Mayor White on Saturday August 12. Mr. Burns requested that his resignation be accepted on Tuesday. He assigns as his reason for resigning that he is unable to devote the time to the office required and therefore cannot make further sacrifices.

The name of Mr. Wallace was presented to the Council by George T. Graves and was confirmed by vote of the council.

Mr. Burns has served as city attorney in Cameron for a number of years and his resignation brings to a close an energetic career in the service of the city. His many friends both inside and outside of the council regret his resignation and will remember his efforts to enforce the law and to safeguard the interests of the city.

JOE HIBNER HONORED  
BY FRIENDS HERE ON  
HIS 35TH BIRTHDAY.

Joe Hibner section foreman for the Santa Fe railroad in Cameron and one of the oldest employes in the division, was complimented last Sunday when about 60 of his friends and relatives gathered at his home in Cameron to celebrate with him his 35th birthday.

Besides his wife, his children, Annie Francis, Cecelia and Agnes, were there to complete the joys of the occasion.

One of the features of the birthday dinner was the cake said to be the largest ever baked in Cameron and was furnished by the Lone Star Bakery. A calf was barbecued and the friends and relatives made merry around the feast table.

Ice cream for the occasion was furnished by William Siebert who is here on a visit from Imperial California where he is foreman of a fruit ranch of 2200 acres.

The friends of Mr. Hibner wish him many more such happy birth days.

COTTON BEING GINNED  
AT RAPID RATE HERE.

1922 cotton is being ginned at a rapid rate in Cameron, several hundred bales having already been ginned by the gins of Cameron.

Cameron was the first Milam county town to gin a bale of 1922 cotton, the same being produced on the J. W. Coleman farm north of the city by Luther Wise, farmer.

The price is above twenty cents and farmers and business men feel that a good business condition will result from the cotton season.

R. A. HRIGGS HOME  
UNDER CONSTRUCTION.

Construction has begun on the new home of R. A. Triggs on Hefley Heights. When completed this will be one of the most attractive homes in the city. The home adjoins the new home recently completed by J. C. Martin.

W. A. Morrison spent two days this week in Dallas on legal business.

## LIVESTOCK MEN TO AID CAMERON IN BIG FAIR PLANS

### COUNTY-WIDE CO-OPERATION AMONG PRODUCERS OF LIVE- STOCK AND POULTRY

The County Livestock and Poultry Show, plans for which were approved by the Cameron Commercial Club at its regular meeting here Friday night, will be held in Cameron on September 29 and 30.

This will be a county-wide co-operative exhibit and has been endorsed by the Milam County Purebred Livestock and Poultry Association, composed of livestock and poultry producers in all sections of the county.

The building program will not be undertaken at this time on account of the financial conditions confronting the people, but the fair committee from the club has arranged to rent large canvass tops and tents sufficient in size and number to accommodate the exhibits which are expected to be larger and more numerous this year than at any time in the history of the county, because of the interest being taken in the show and the fact that the competition has been opened to adjoining counties.

At a meeting held Monday morning at the Auditorium Hotel, Chairman Cobb of the fair committee made appointment of all committees necessary to look after the details of the fair. Included in the list of committees is a number of men who are producers of livestock and poultry and are members of the livestock and poultry association. This will insure an intelligent and splendid handling of the exhibits by men not only interested in these vital industries, but eager for a broad expression of these interests in the way of exhibits and educational advantages.

President Sam Mewhinney of the Association and George Banzhaf, county farm demonstrator, will aid the committee in arranging the stock and agricultural exhibits. George T. Graves has been made chairman of the committee to handle the exhibits of livestock and will select such help as he deems necessary.

Entertainment will be combined

### K. K. K.

Gause, Texas, Aug. 6.—At the close of the service at the Baptist church Sunday night the Ku Klux Klan appeared and handed the pastor an offering of \$25.00 with a letter of endorsement of the work done in Gause. The letter was read and the audience voiced its approval of the contents.

with the show this year, fair features now being planned, so that the thousands who come to Cameron on those two days will be given a royal good time.

In addition to the Livestock and Poultry Show, Mr. Banzhaf will conduct a corn show for the members of the corn club. A large show of Agricultural products will be encouraged also, a feature that has not been combined with the show for the past several years.

Members of the Livestock and Poultry Association are urged to begin at once to prepare their exhibits and to file with George T. Graves in Cameron as early as possible number and kind of livestock and poultry they will exhibit at the show. The fact that competition will be strong with outside counties coming in, gives producers advantage because of advertising value of blue ribbons on their stuff.

The fair this year will be held in the Wilson-Ledbetter Park, a tract of 25 acres adjoining the city limits. Preparations were begun Monday to clear away several acres, to pipe water and string light wires to the grounds. The fair and livestock show will be the greatest event in years.

### FORTY-TWO PARTY

Miss Gene MacFadyen was charming hostess to a dozen of her girl friends last Tuesday week in the lawn at the manse.

Four tables were arranged with everything in rainbow colors, flowers, score cards and tally pads.

"84" favors were the unique hand work of the hostess and were crepe paper sachets, sweet peas and cream and cake, delicious punch and assorted cakes were served. Plate favors were candy dolls dressed in rainbow colors.

## HIGH BRED STOCK BRINGS MORE THAN OTHERS ON MARKET

### GRAVES BROS. SELLS STOCK AND COMPARISON IS MADE OF DIFFERENT TYPES

Advantage of better bred livestock is shown in a very conclusive example of a recent sale made in the Fort Worth markets by Graves Bros. of Cameron, producers of high-grade cattle.

Beef cattle sold on the markets last week produced from registered bulls and graded cows brought from 6 to 8 1-2 cents per pound as compared to 2 1-4 and 4 cents for beef cattle in the same shipment of lower breeding. The cattle bringing the lower figures were of Jersey and Pole stock but not of a high breeding as the others which were from purebred Hereford Bulls and Durham cows.

With this example of the difference in value of stock because of high breeding it is shown that livestock producers should concentrate on better grades of cattle. Both types included in the shipment were raised on the same ranch at the same expense but the better types sell for more money.

George Graves of Cameron and Paul Graves of Buckholts are producers of purebred Hereford cattle and high grade mixed breeds for beef and stock cattle.

### Blacksmithing and Horseshoeing

Wood work a specialty, Mr. Joe Hamble, Sr., is the workman of the wood department. If it's anything that can be made of wood Mr. Joe Hamble, Sr., can do it no matter how small are big or nice, or hard to be made, he can make it. See us for your wood work. Cameron, Texas.

E. J. Sebesta

### ATTEND HIGHWAY MEET FOR BETTER HIGHWAYS.

J. T. Parma, head of the Motor League branch in Cameron, with his wife and little daughter, Mildred, returned late last week from Galveston, where Mr. Parma went as a member of the Texas Highway Association to attend the first annual meeting.

Mr. Parma represented the Cameron Commercial Club, being prominent here in good roads matters, planning and equipping a tourist park here for tourists. The object of the meeting was to encourage more interest in highways in the state. The delegates were entertained by the Galveston Chamber of Commerce.

A. F. Mitchell, county engineer, and H. C. Mayer, mayor of Rockdale, also attended the meeting.

Respectfully,

### THANKS TO MY FRIENDS.

I take this manner to return my thanks to my friends for their loyal and disinterested support in the recent Primary election. No man ever had more loyal and devoted friends, and I hope that I shall continue to live as to merit their continued friendship and loyalty, and while I was not successful, I have not the slightest feeling of resentment against any, and I shall live in the hope that the tribe of my friends may increase and that all happiness and prosperity shall attend them in the future.

Gatefully yours,

Aug. 5, 1922. J. W. BARRETT

Mr. and Mrs. Leo Wilkerson and daughter have returned from a few days visit in Temple.

# Notice BIDS WANTED

Sealed bids for the following concessions on the Fair Grounds in Cameron September 29 and 30 will be received up to September 1 by the Chairman of the Committee on Concessions for the Milam County Livestock Show and Fair:

- Two Cold Drink Stands
- Two Lunch Counters
- One General Confection (Without Drinks.)
- One Hamburger Stand.

The committee will also consider a proposition to sell the entire concession privileges to one party and they in turn to sub-sell as they see proper. Interested parties should confer at once with the chairman of the committee.

The committee reserves the right to reject any and all bids. In case any bid is accepted, check for entire amount must be paid in advance of the show dates. All bids include two days and nights.

The committee also wants propositions from one small carnival company, one Rodeo company and two or three smaller attractions.

# Studebaker

## The Reason Why

# This Is a Studebaker Year

### What Automobile Buyers Generally Want:

In a recent poll of 20,000 car owners by the National Automobile Chamber of Commerce, Inc., of New York (the automobile manufacturers' trade association), each owner was asked to name the quality which appealed to him most in buying a car. The results showed as follows:

1. Endurance -----	15.0%	8. Flexibility -----	6.5%
2. Economy of operation -----	14.0%	9. Endorsement of car by others -----	6.5%
3. Comfort -----	9.5%	10. Specifications -----	6.0%
4. Price -----	9.5%	11. Speed -----	5.5%
5. Appearance -----	8.0%	12. Appointments -----	5.0%
6. Service facilities of manufacturer -----	7.0%		
7. Hill climbing or power -----	7.0%		
	70.5%		29.5%

This poll confirms Studebaker's experience of seventy years in building vehicles of all kinds. Studebaker Cars have been and always will be designed and manufactured to meet the qualifications demanded by the public as emphasized by the Chamber survey.

## The Proof of Studebaker Quality:

1. **ENDURANCE.** Studebaker Cars are daily giving satisfactory service to 400,000 owners in all civilized countries. Proof of their dependability rests upon the fact that our sales of Repair Parts, covering repairs from accidents as well as service, for the past seven months averaged about \$7.00 per car. Up to August 1, 1922, we produced and sold 550,000 Studebaker cars, and now are producing and selling at the rate of 125,000 cars per year, practically double last year's volume, and yet our total sales of Repair Parts this year are less than they were for the first seven months of 1919.

2. **ECONOMY OF OPERATION.** Greatest economy results from minimum repairs and high resale values of second-hand cars in proportion to list prices. Gasoline and oil consumption are next important items of economy. The records of Studebaker Cars in all these respects stand out strikingly well.

3. **COMFORT.** Correct design of weight distribution, spring suspension, seats, upholstery, etc., determine largely the question of comfort. Comfort is not a matter of extra cost and high prices, but is a matter of design. Comfort is characteristic of Studebaker cars. Heavy weight is neither essential to comfort nor an assurance of it if design is faulty. The weight of Studebaker cars is borne almost equally by the four wheels, which is an ideal distribution. With bodies resting without overhang on frames, semi-elliptic springs, seats of generous proportions, and best upholstery, Studebaker cars are necessarily comfortable.

4. **PRICE.** With \$78,000,000 of actual net assets, including \$38,000,000 of plants, and an organization of able, experienced men and workers who participate in the profits of the business, Studebaker stands unsurpassed in resources and ability to Manufacture Economically and give maximum Intrinsic Value for a given price. By manufacturing complete motors, transmissions, axles, frames, bodies, tops, castings, forgings, and stampings, parts makers' profits on such items are eliminated, and one profit only is included in Studebaker prices. The South Bend plants formerly devoted to the manufacture of horse-drawn vehicles, with recent additions, now manufacture sedan and coupe bodies, at minimum costs (without middlemen's profits), and buyers benefit accordingly.

The material and workmanship of the Studebaker cars measure up to the highest standards known in the automobile industry. Substantially better intrinsic values cannot be obtained at any price. The theory that high prices necessarily mean fine cars is fallacious, simply because prices are not based upon intrinsic values but upon

the production costs of different manufacturers, which vary widely according to their individual manufacturing facilities, ability and output. Everybody in the automobile industry knows that standardized cars manufactured complete in large quantities give the greatest intrinsic values, or stated otherwise, the most actual car, per dollar of price. Assembled cars, which constitute eighty-five per cent of the hundred-odd makes of American cars, are assembled from parts purchased from many sources, which precludes harmonious co-ordination in design and inevitably increases costs and selling prices about 25 per cent.

5. **APPEARANCE.** An automobile should never be bought on appearance, although seemingly 8 per cent of buyers are influenced by appearance alone. An automobile is a highly developed mechanical instrument from which hard, satisfactory service is rightly expected. Studebaker executives and engineers give much attention to appearance, style, and distinctive beauty in the matter of tops, hoods, radiators, and fenders (the dress of an automobile.) Our bodies are masterpieces of fine craftsmanship, and are unexcelled for comfort and durability.

6. **SERVICE.** Studebaker has 3,000 branches and dealers in the United States, and is widely represented in all foreign countries. These branches and dealers carry in stock \$4,000,000 of Repair Parts for all models of Studebaker Cars. The prices of parts for Studebaker Cars are lower (or as low) as those of any cars of their price, and much lower than those of high-priced cars. Studebaker branches and dealers are obliged to render prompt and efficient service to buyers. Studebaker is in business to sell motor cars and not parts. The accessibility of Studebaker Cars for quick dismounting and repair work is common knowledge in the garages and among chauffeurs and mechanics all over the world.

7. **POWER.** In acceleration, power delivered at the point of traction, and hill climbing ability, all three models of Studebaker Cars enjoys unique reputations.

8. **SUNDRIES.** The other qualities which seemingly influenced the selections of 29.5 per cent of buyers are flexibility, endorsement of others, specifications, speed and appointments. Studebaker Cars stand high in all these respects. Studebaker Cars have set many precedents in quantity manufacture, particularly in matter of appointments and equipment, such as crown fenders, cast en bloc six-cylinder motors, cord tires, one-piece windshield, cowl ventilator, cowl lights, tonneau lamp with extension cord, windshield wiper, transmission locks, beveled plate glass windows, etc. Satisfied owners are Studebaker's greatest asset.

The broad principle upon which Studebaker business is conducted and upon which it has prospered for seventy years, now grounded upon tradition, insures satisfaction to everybody who deals with the House of Studebaker, and we solicit your patronage on this basis. This policy protects you better than the ordinary guarantee.

South Bend, Indiana  
August 1, 1922.

## HIKING DOWN THE LONG BROWN PATH

Vacationists With Shelter Tents  
and Tin Cow Learning to  
Walk All Over Again.

Oh! It's not the pack that you carry on  
your back  
Nor the rifle on your shoulder,  
Nor the five inch crust of khaki-colored  
dust  
That makes you feel your limbs are  
growing older,  
And it's not the hike on the hard turnpike  
That drives away your smile,  
Nor the socks of sisters that raise the  
blooming blisters—  
It's the last long mile.  
—Plattsburgh Marching Song.

Stringing out from the suburban  
transit terminals of New York every  
Sunday and holiday goes the army of  
khaki-clad hikers. There may be an  
automobile for every twenty of the  
country's population, but a host of  
city folks disprove the theory of a  
future leg-enfeebled citizenry and are  
learning to walk all over again.

To the more casual minded, the hike  
is just exercise, but to those who  
catch its real significance the hike  
means a great deal more. It is the  
cheapest form of recreation and  
therefore appeals to those living in  
crowded districts and unable to avail  
themselves of the more expensive  
amusements. And these people, be  
it noted, are just those the country  
is so anxious to have spread out and  
settled in the farming sections. The  
hike, indeed, has possibilities as a  
real starter for the "back to the farm"  
movement.

Doughboy and Boy Scout Lead Way

Just a brief survey of the rollicking  
groups which move off from the out-  
lying terminals on holidays estab-  
lishes a few general types. There is  
the ex-service man and his friends  
who will hear from him the story  
of more serious excursions on the  
muddy roads of France. He tight-  
ens a strap here and another there  
on the blanket roll adjustment or the  
"shelter pack," in which the commis-  
sary is packed for the mid-day feast  
by the roadside. Expert directions  
come from him on the method of  
slinging the pack so it will not feel  
so heavy or interfere with the free  
body movement. He will pass along  
the information, gained in his army  
days, of how that same pack was  
evolved after numerous experiments  
to find the easiest way of carrying  
the heaviest load. With results he  
now compliments, but which he char-  
acterized when a doughboy as a  
"blankety-blank total failure."

Then there are the boy scout par-  
ties, adept at everything pertaining  
to "shanks mare" traveling and wood-  
craft. The ex-service man and the  
boy scout are pioneers in the hiking  
game. Listen to one of them right  
off the train and making ready for a  
twelve mile jaunt: "Get that can-  
teen over to the side, Jimmie, and  
it won't keep bouncing off your leg  
every step. Is it filled? Well, then,  
we drink. How about the eats? Let's  
check 'em off. You got the spuds,  
Bill; the bacon Jimmie. Who has the  
coffee and the Borden tin cow?"

"Right here," announces a freckled  
comrade of the road, patting his knap-  
sack. "Snatched the mocha and the  
can of milk when Sis wasn't looking."  
"Well, then, let's go!" snaps the  
commander of the expedition.

This party is traveling light for real  
distance. Another must expect to  
make a shorter hitch or else be count-  
ing greatly on its power of endur-  
ance. Perhaps the camp is not far  
off because the group is equipped for  
an over-night stay with heavy blanket  
rolls, hatchets, lanterns, canvas wa-  
terpails, rubber ponchos, kettles, pots,  
new fangled firestand, etc., etc. The  
blankets are laid out for a better  
packing of the bags and cans of food.  
When the party commences to load  
up the members bristle all over with  
camp tools and equipment.

Back to the Farm  
The veteran from the crowded city  
tenements has found a new territory  
to roam and one almost unknown to  
his associates. He is introducing them  
to this newly discovered land and  
teaching them how to be independent  
of any transportation but their own  
good legs and of any subsistence but  
what they can carry and prepare.  
"Walk, and cook your own," is his  
motto.

Who will say the heaven thus fer-  
menting in the city crowds will not  
bear fruit in a keener appreciation of  
country delights, especially as these  
are added to by increased comforts  
on the farm. With his radio hitched  
up, the farmer listens in on the best  
entertainment the country has to  
offer. Modern home devices wipe out  
many hardships formerly imposed  
upon isolated dwellers. There is, in  
short, a rapid cutting down of the  
differential between farm and city  
life.

### TEACHERS' EXAMINATION.

The August examination for  
teachers' certificates will be held in  
Cameron on Friday and Saturday, the  
18th and 19th. The examination will  
commence at 9:00 o'clock Friday  
morning. The usual fee of \$4.00 will  
be charged each applicant. Uniform  
examination paper can be procured  
from the Board of Examiners. Text  
books on Reading and on Methods and  
Management can be secured from Mr.  
Charlie Sprott of Cameron, Texas.

Friday Forenoon—Arithmetic, Phy-  
sology, Music, Elementary Composi-  
tion, Higher English Composition,

N. H. BUTTS, (re-election)  
For Justice Peace Precinct 2—  
COKE PHIPPS.

### Education, Zoology.

Saturday Afternoon—United States  
History, Agriculture, Drawing, An-  
cient History, Algebra, Physics,  
Plane Trigonometry, School Admin-  
istration, Economics.

Very respectfully,

J. F. Chadwick.

### STOP CATARRH! OPEN NOSTRILS AND HEAD.

Says Cream Applied in Nostrils Re-  
lieves Head-Colds at Once.

If your nostrils are clogged and  
your head is stuffed and you can't  
breathe freely because of a cold or  
catarrh, just get a small bottle of  
Ely's Cream Balm at any drug store.  
Apply a little of this fragrant, anti-  
septic cream into your nostrils and let  
it penetrate through every air pas-  
sage of your head, soothing and heal-  
ing the inflamed, swollen mucous  
membrane and you get instant relief.

Ah! how good it feels. Your nos-  
trils are open, your head is clear, no  
more hawking, snuffling, blowing; no  
more headache, dryness or struggling  
for breath. Ely's Cream Balm is just  
what sufferers from head colds and  
catarrh need. It's a delight. (Adv)

### SAYS CALOMEL

SALIVATES AND  
LOOSENS TEETH.

The Very Next Dose of this Treach-  
erous Drug May Start

You know what calomel is. It's  
mercury; quicksilver. Calomel is  
dangerous. It crashes into your bile  
like dynamite, cramping and sicken-  
ing you. Calomel attacks the bones  
and should never be put into your  
system.

If you feel bilious, headachy, con-  
stipated and all knocked out, just go  
to your druggist and get a bottle of  
Dodson's Liver Tone for a few cents  
which is a harmless vegetable sub-  
stitute for dangerous calomel. Take  
a spoonful and if it doesn't start your  
liver and straighten you up better and  
quicker than nasty calomel and with-  
out making you sick, you just go back  
and get your money.

Don't take calomel! It makes you  
sick the next day; it loses you a day's  
work. Dodson's Liver Tone straight-  
ens you right up and you feel great.  
No salts necessary. Give it to the  
children because it is perfectly harm-  
less and can not salivate. (Adv)

### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been  
in use for over thirty years, has borne the signature of  
*Chas. H. Fletcher* on the wrapper all these years  
just to protect the coming  
generations. Do not be deceived.  
All Counterfeits, Imitations and "Just-as-good" are but  
Experiments that trifle with and endanger the health of  
Infants and Children—Experience against Experiment.

Never attempt to relieve your baby with a  
remedy that you would use for yourself.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric,  
Drops and Soothing Syrups. It is pleasant. It contains  
neither Opium, Morphine nor other narcotic substance. Its  
age is its guarantee. For more than thirty years it has  
been in constant use for the relief of Constipation, Flatulency,  
Wind Colic and Diarrhoea; allaying Feverishness arising  
therefrom, and by regulating the Stomach and Bowels, aids  
the assimilation of Food; giving healthy and natural sleep.  
The Children's Comfort—The Mother's Friend.

THE CENTAUR COMPANY, NEW YORK CITY.

### THE MAGNOLIA PEOPLE MAY TEST FOR OIL HERE.

The Magnolia Petroleum Company  
is becoming interested in the Thorn-  
dale territory it seems. It is known  
that one or more scouting parties  
were here this week looking over the  
possibilities here with a view of  
making a location for a test well on  
their holdings about five miles south  
east of Thorndale. Nothing definite  
was decided upon but they are ex-  
pected to return to Thorndale within  
the next week or ten days and de-  
termine definitely what action will be  
taken. The Magnolia people have  
considerable acreage several miles  
south and east of town.—Thorndale  
Champion.

Although a powerful reconstructive  
tonic, Tanlac contains no harmful in-  
gredients, minerals or opiates, which  
are so often found in other medicines.  
It can therefore be taken by delicate  
children with splendid results. Sold  
by the New Cameron Drug Company  
and Druggists everywhere.

There is more Catarrh in this section  
of the country than all other diseases  
put together, and for years it was sup-  
posed to be incurable. Doctors prescribed  
local remedies, and by constantly failing  
to cure with local treatment, pronounced  
it incurable. Catarrh is a local disease,  
greatly influenced by constitutional con-  
ditions and therefore requires constitu-  
tional treatment. Hall's Catarrh Medi-  
cine, manufactured by F. J. Cheney &  
Co., Toledo, Ohio, is a constitutional  
remedy, is taken internally and acts  
thru the Blood on the Mucous Surfaces  
of the System. One Hundred Dollars re-  
ward is offered for any case that Hall's  
Catarrh Medicine fails to cure. Send for  
circulars and testimonials.  
F. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, etc.  
Hall's Family Pills for constipation.

### HUSBAND'S STORY WILL AMAZE CAMERON PEOPLE.

He says: "Adler-i-ka helped my  
wife for gas on the stomach and sour  
stomach in TWENTY MINUTES. It  
works beyond greatest expectations." Adler-i-ka acts on BOTH upper and  
lower bowel removing foul matter  
which poisoned stomach. Brings out  
all gasses and sour decaying food.  
EXCELLENT for chronic constipation  
Guards against appendicitis. Adler-  
i-ka removes matter you never  
thought was in your system and

which may have been poisoning you  
for months. For sale by the New  
Cameron Drug Company.

Plenty of meal and hulls at the O.  
Mill.

## Cheaper Hulls

Owing to the fact that the price of cotton seed  
has declined I now offer the stock of hulls on  
hand at \$13.00 per ton. We had to ship in hulls  
and meal for the trade this year and these hulls  
cost us \$18.00 per ton, but the new crop will be  
much cheaper. These will be sold while they last  
at \$13.00 per ton.

# The VOTE

Complete unofficial returns from the Texas Democratic primary election of July 22 tabulated by the Texas Election Bureau show that Ferguson defeated Culberson for second place in the senatorial race by 7,309 votes and that Mayfield received 32,602 more votes than Ferguson. The results in all races were accurately forecast by the incomplete returns announced earlier. Totals follow:

For United States Senator—	
Earle B. Mayfield.....	163,910
James E. Ferguson.....	131,308
Charles A. Culberson.....	103,999
Cullen F. Thomas.....	89,682
Clarence Ousley.....	63,295
Robert L. Henry.....	44,439
For Governor—	
Pat M. Neff.....	332,961
Fred S. Rogers.....	203,318
Harry T. Warner.....	60,636
W. W. King.....	22,013
For Lieutenant Governor—	
Billie Mayfield.....	201,394
T. W. Davidson.....	175,633
W. A. Johnson.....	85,569
Joe E. Edmondson.....	67,659
Andrew S. Jamison.....	33,075
For State Treasurer—	
C. V. Terrell.....	163,128
George G. Barrett.....	129,170
W. D. Carroll.....	69,309
Ed A. Christian.....	56,451
A. H. Kerr.....	52,844
Lee Kirgan.....	28,761
L. E. Tenneson.....	37,124
For Superintendent of Public Instruction—	
Ed R. Bentley.....	226,953
S. M. N. Marrs.....	225,006
Jefferson G. Smith.....	103,261
For Railroad Commissioner—	
Allison Mayfield.....	344,146
J. C. Mason.....	195,726
For Land Commissioner—	
J. T. Robison.....	293,316
J. C. Thompson.....	249,067
For Judge Court of Criminal Appeals—	
W. C. Morrow.....	310,070
A. J. Harper.....	233,825
For Comptroller—	
Lon A. Smith.....	314,174
William M. Woodall.....	231,574
Total Votes Cast.....	

Total of votes cast in the different races follow: Senator 596,624, Governor 618,928, Lieutenant Governor 563,730, Superintendent of Public Instruction 555,220, Comptroller 545,748, Criminal Appeals 543,895, Land Commissioner 542,383, Railroad Commissioner 539,872, Treasurer 536,787. Difference in the vote is accounted for in part by the facts that correspondents failed to report on some offices and in some counties names of candidates were omitted from ticket because they did not pay ticket fees.

There will be four run-off races on the State ticket. Mayfield and Ferguson go into the second primary for Senator, Davidson and Mayfield for Lieutenant Governor, Garrett and Terrell for Treasurer, Bentley and Marrs for Superintendent of Instruction.

Hertzberg and Cunningham will go into the run-off for Congress in the Fourteenth District and Blanton and Calloway in the Seventeenth.

Tillotson and Clark go into the run-off for the State Senate in the Eighteenth District. Smith and Parr in the Twenty-third, Ridgeway and Black in the Twenty-fourth. There will be twenty run-off races for Representative in the Legislature.

In the Third District Court of Civil Appeals, Baker and Blair will go into run-off, as will Taylor and Jones in the Fifth District.

Goliad was the only county not holding a primary election.

Hemstitching and dressmaking Mrs. Allie Kinard, Moore building Cameron, Texas. 4tf

## \$25.00 REWARD

Until further notice the Klans of Milam county will offer to any peace officer of Milam county a reward of \$25 for the arrest of a conviction of any boot-legger in the county. All that will be necessary in the case will be a simple statement of the facts showing that each reward is due you to be sent to this newspaper and you will receive a prompt remittance for the amount.

## KU KLUX KLAN

of Milam County, Texas.

## 'FIDDLERS THREE' MAY REVIVE MUSIC OF LATE EIGHTIES

Mention of the special attractions for the coming fair in Cameron on September 29 and 30 has revived interest in the "Old Fiddlers contests," so popular at county fairs a decade ago, and efforts are being made to arrange for such a contest at the coming Cameron Fair.

A revival of the music of the late eighties and nineties through a contest of this kind is bound to catch the attention of that considerable element of men and women who came along in that good old social day when the "Fiddle" was revered instrument and the jazz horns of 1922 were undreamed future marplots of melody.

It is not unlikely therefore that such old tunes as "Arkansas Traveler," "Turkey In The Straw," and "Rye Whiskey" will mingle with the music of crashing bands when the folks gather here for the two days big event. Some folks believe the "one-string fiddle" is the only thing that real music can be played on, and when we come to think of it, having in mind the stirring old melodies of other days, they are about right.

The Fair committee has not received any applicants from "old-time fiddlers" but Milam county will call up the old time musicians when the time comes. Some of the prospects deny being old but say they are young fiddlers who can make old-time music. They no doubt will be good entries for this great event.

The Herald has in mind three who live in Cameron who can get more music out of a one-string fiddle than all the Sousas since time immemorial. They are Tom Howell, Bill Alex Bonds and J. L. Clinton. These are our nominees for the big contest. What do you say?

### JUST GOT OVER A COLD?

Look out for kindey troubles and backache. Colds overtax the kindeys and often leave them weak. For weak kindeys—well, read what a Cameron man says:

Melvin Weems, E. 2nd St., says: "My kindeys had bothered me more or less for a long time. It seemed whenever I took a little cold or there was a sudden change in the weather, my kindeys would bother me by acting too freely. There was a sediment in the secretions and they smarted and burned in passage. My back got so lame, the muscles all through it were lame and sore. I had taken all kinds of medicine but didn't get any help at all. I called on the doctors here for advice and he told

me to take Doan's Kidney Pills. I followed his advice and got a supply of Doan's and took them as directed. I am very proud to say Doan's Kidney Pills cured me and my kindeys have been strong and in good shape since then."

60c, at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Adv)

### MAYFIELD EXPENSE IN CAMPAIGN \$5,730; FERGUSON'S \$1,912

Austin, Texas, Aug. 5.—The period provided by the statute for filing final statements of campaign expenses by candidates in the first Democratic primary expired Aug. 2.

Of the statements filed by candidates for the United States Senate that of Cullen Thomas, who finished fourth in the race, showed the largest expenditure of money, Mr.

Thomas' total amounting to \$7,823. Mr. Thomas made the following note in his statement:

"I have received no funds whatever for my campaign from any source. All moneys expended were my own personal funds."

Clarence Ousley's expenses totaled \$6,370.

Earle B. Mayfield expended \$5,730 and his statement shows that contributions to his campaign fund totaled \$3,065.

Robert L. Henry's expenses totaled \$4,336 and contributions \$544. Former Governor James E. Ferguson expended \$1,912 and his contributions amounted to \$271.

The statement of Senator Culberson has not yet reached the Secretary of State's office.

In his campaign for State Superintendent of Public Instruction, S. M. N. Marrs reported total expenditures

of \$2,107, and Ed R. Bentley, candidate for the same office, reported his total expenses at \$1,523.

The statement filed by W. W. King, candidate for Governor, shows total expenses of \$1,077.

Is your appetite jaded? Is your digestion poor? If so, Tanlac is what you need. For sale by the New Cameron Drug Store and druggists everywhere.

## More Summer Dairy Profits

The dairymen who are making profits are feeding the cows on pasture. When they once stop to figure the actual results of grass only they find their cows don't milk so long, and it requires more feed in the winter to bring back milk production.

Dairymen everywhere are cutting the cost per gallon of milk production by feeding a little Cow Chow as a concentrate.

Cow Chow provides just the right proteins and minerals to balance grass. Cow Chow puts the proof of more summer profits right in the milk pail. Start a test today and prove it with your own cows.

## WHY YOU SHOULD USE A MILD SOAP

Harsh soap dries the natural oils and is apt to irritate the skin and make it scaly.

In the mild, soothing, creamy lather of Palmolive you have an ideal cleanser. It is lotion-like in its action. It soothes while it cleanses.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness, but when this is washed off, what a cruel revelation!

You can easily possess a fine complexion by giving your skin proper care. Instead of putting your skin to sleep with cold creams and cosmetics, wake it up with soap and water. Cleanse each tiny pore and skin cell, revive sluggish circulation. Get rid of the blackheads which are only accumulated dirt.

Use Palmolive Soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings. This treatment makes your skin fresh as a rose.

You can buy Palmolive Soap at all first class groceries and drug stores. THE PALMOLIVE COMPANY Milwaukee, Wis.

10c

## POSEY DEEP TEST WELL DRILLING TO BEGIN AT ONCE

SHUTDOWN FOR MANY WEEKS,  
WELL TO BE DRILLED FOR  
THOROUGH TEST

The most important event in the past week in oil circles was the announcement that the S. A. Guibersen Jr., California, L. N. Posey number one, on Cannon Snap Creek, is to resume operations again after a shut down of several weeks. The drillers and crew are getting everything in readiness to start the big rotary in action again. Much interest has been taken in this well, and the oil fraternity was startled several weeks ago when the drillers encountered a large gas blowout around 1200 feet. The depth at which drilling will start is said to be around 2400 feet. The well will be drilled to completion.

Another slice in the price of crude took place last week following the cut made by the Prairie Pipe Line Co., of 25 cents the barrel in Mid-Continent and North Texas crude. The price being paid for Milam County crude by the Owens Refining Company is \$1.25 per barrel. Other cuts are looked for before the bottom is reached.

Two new completions were reported, House and Baggett number 3 Henry 50 acres at the usual depth is a 12 barrel well, and Hefley, Thomas and McIntosh have drilled in and completed their number two McClellan, which is estimated will make about 15 barrels.

The Bynum Association and the Tidal Oil Company are reported to have drilled dusters this week. The Tidal encountered a heavy gas flow, which threatened for a time to give the drillers trouble. The well has blown itself out and will be plugged, the drill having gone below the usual pay strata. The Bynum Association will start another hole on the Nicholas and will be the third well drilled by this concern. The first well was lost with a string of tools in the hole which could not be fished out.

It is reported that the Owens Petroleum Company will start drilling again on the Henry 80 acres. Trade is quiet in the Milam County fields, but the majority of the operators are optimistic and feel that a revival of drilling will begin in the early fall.

The Rockdale Chamber of Commerce will hold an open meeting of the full membership of the Chamber of Commerce on Tuesday afternoon and evening, August 15th, and will entertain the Milam County Oil Mens Association. Notices are being sent out inviting the people generally from all over the county to attend. A watermelon feast will be served and an elaborate speaking program is being sponsored by Mr. H. Wyatt, Secretary of the Rockdale Chamber of Commerce. There will be speaking in the afternoon at 3:30 o'clock and 7:30 o'clock in the evening. Many of the prominent oil and business men will deliver addresses. The Rockdale Concert Band will furnish the music for the occasion. A big time will be had and preparations are being made for a capacity crowd.

## THREE WELLS OUT OF FOUR DRILLED IN U. S. PRODUCE

Petroleum or gas now is being struck in three out of every four wells drilled, considering all proved fields in the United States, reports of the United States Geological Survey indicate.

Only one out of every four wells proves a dry hole, representing a total loss to the drillers and their backers. In some fields the proportion of dry holes is but one out of ten.

More than 16,000 wells are being drilled in the United States this year, geological officials estimate. The first six months of this year 8,900 new wells were completed.

At least 1,000,000 persons, hundreds of them small investors and business men not familiar with the drilling industry, become financially interested each year in the drilling of wells. Oil stocks are now being advertised and sold in almost every section of the United States.

Considering only those companies which actually sink shafts in more or less known fields, the chances of success would seem to be about seventy-five to twenty-five of failure. In 1918 one of the biggest oil years, there were drilled 25,684 wells of which 17,845 produced oil and 2,229 natural gas. The number of dry holes was 5,613, or about 22 per cent of the total number of ventures.

Geologists, studying territory, are right in 87 per cent of their conclusions as to the presence of oil and other minerals, according to George Otis Smith, director of the United States Geological Survey. Large and successful oil-producing companies generally employ geologists. The stocks many of these companies are closely held. Smaller companies lacking capital and promoted by professional well-drillers, have not the facilities for research. It is in these smaller concerns that the small business man, the doctor and other professional workers with their savings are most likely to invest.

The percentage of failures, represented by dry holes, varies for the different fields. It also varies with the year. Thus over a period of nine years, 1909 to 1919, the percentage of

## FARM BUREAU TO ASK 1,000,000 BALE COTTON POOL

ONLY 52 MEMBERS IN MILAM  
COUNTY AND 1740 BALES  
PLEGDED.

The membership campaign for 1,000,000 bales of cotton for the Texas Farm Bureau Cotton association began in this district Monday morning. W. C. Proctor, Field Captain, has

dry holes struck by drillers in and around Lima, Ohio, averaged about one in ten.

four counties under him. G. C. Daniels will work in Bell county. J. M. Kayser will work in Williamson county. R. E. Scott will work in Milam county and J. E. Pearson will work in Falls county. These counties are a part of a district of fifty two counties in which the campaign is being put on under the guidance of Gus Hill, District Director of Field Force. Mr. Hill will have his headquarters at Austin.

Bell county has 4,555 farms, 28,200 bales in 1921. The Texas Farm Bureau Cotton association has 210 members with 7,937 bales signed. It is the expectation of Mr. Hill to pool more bales in the association so as to give it more say in the price of cotton.

Williamson county has 4,598 farms which produced 66,203 bales in 1921. The Texas Farm Bureau Cotton as-

sociation has, 2,726 bales signed up. The association has 23 members. Mr. Hill announced that it is the purpose of the association to sign up as many bales as possible so as to give the farmers organization more say about the price.

Milam county with 5,606 farms, produced in 1921, 22,157 bales. The Texas Farm Bureau Cotton association has 52 members with 1,740 bales signed up. Mr. Hill says it is the purpose of the Farmers association to sign up as many more bales as possible so as to give the farmers more say as to what they receive for their cotton.

Falls county with 5,194 farm, pro-

duced 27,895 bales in 1921. The Texas Farm Bureau Cotton association has 429 members in this county with 10,989 bales signed up. Mr. Hill says it is the intention to pool more bales in the association in order to give it more say in the price of cotton.

Hemstitching and Picoting attachment; superior device; fits any sewing machine; attaches firmly; easily adjusted. Price \$3 delivered with complete instructions and samples of work. Orders filled promptly. Superior Hemstitching Attachment Co., 509 Starr St., Corpus Christi, Texas.

## NOTICE FARMERS

Our gins are all in First Class shape and are either now running or waiting for cotton to start running. We invite the public to come to our Number 2 gin at Cameron and witness the ginning of a bale of cotton and see the sample made of cotton after running through our new cleaning machinery. Take nobody's word for it but come see for yourself.

Prompt, courteous service.

**R. L. BATTE, owner**

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

JAMES F. BALLARD, Prop., St. Louis, Mo.

# CULLEN F THOMAS GIVES HIS VIEWS ON SENATE RACE

BELIEVES EARLE MAYFIELD IS  
TRUE EXPONENT OF DEM-  
OCRATIC IDEALS.

Cullen F. Thomas Saturday gave out his first public expression of preference in the senatorial runoff in a formal statement to the press as follows:

"In making choice between the present candidates for the senate I have sought to strip myself of all except the most worthy motives.

"I have neither old scores to settle nor recent ones to heal.

"I do not undertake, amid so many charges and counter-charges, to appraise the personal merits or demerits of the candidates.

"I can not take to the woods and thus shirk the duty and responsibility of citizenship.

"I decline to permit the klan issue alone to determine my choice. No man in Texas has suffered more politically from the wounds it wrongly gave, but I must not take counsel of personal resentment now, when the question is wholly outside the scope of senatorial duties. If, as many contend, the klan be but a passing phase in our political life, all will be well; if it becomes, as others predict, a serious peril to our country, then the battles of the future can settle the question when the issue is more clearly joined.

"I simply ask myself what will be the attitude of the next senator from Texas on great vital questions. I am thinking of three.

"1. During my own campaign I sounded everywhere the warning against sinister forces that seek to emasculate the eighteenth amendment to the federal constitution. This is not an imaginary issue; it is a practical issue. The question is not local; it is nationwide.

"If Mr. Mayfield is senator he is pledged without further instructions to strengthen and not weaken the Volstead law. In the absence of further instructions from the people of Texas, Mr. Ferguson would vote to destroy that law.

"2. During the campaign, I criticized severely the mismanagement of our federal reserve banking system; but applauded the original act as one of the outstanding constructive accomplishments of our government during the present generation.

"I have been proud that this meas-

ure was a democratic achievement. On its final passage 47 democratic senators voted for it not one against it; seven republican senators voted for it and thirty-four against it. In the house 248 democrats voted for it, with but one against it; 38 republicans voted for and 85 against it.

"It is true that I arraigned the federal reserve board for its unsympathetic and autocratic policy; for its stupendous blunder in the precipitate contraction of the country's credits; for its responsibility in part for the toboggan slump in the prices of farm products, entailing the loss of billions of dollars to the farmers of America.

"But I do not forget its all but providential aid in financing the nation and our allies during the world war. John Skelton Williams is the country's most severe critic of the maladministration of the federal reserve board. He is on record as saying:

"Every business man, banker and capitalist knows what it is and what it has done. It is the best financial system the world has ever seen. It made this nation and government an impregnable financial force and the strongest the mind of man has devised. That one measure won the war."

"The federal reserve system is now on trial for its life.

"If Mayfield goes to the senate he is pledged to right abuses and preserve the system. Ferguson is pledged, because of abuses, to destroy the system.

"Third. I believe with all my being that America, on some sort of terms, should enter the league of nations. In more than 250 speeches I declared this to be the paramount issue before America and the world. I denounced this country's failure to join the league as the political crime of the century. I made earnest appeal to the people in many ways to raise above petty issues and prejudices to a realization of world conditions. Over

and over, I advanced the opinion that in the league of nations was the supreme hope of the stabilization of world business and the preservation of world peace.

"I tried to keep abreast of the best world thought and to the perils that now confront our civilization. I have seen European statesmen wrestling with problems on the solution of which hung American destiny. Vanderlip, big banker with world vision, says to save world business we must go in. Lowden, big business man, leading republican, back from six months in Europe, appeals to his countrymen above party to go in. Herrick, ambassador to France, because of European chaos, that may pull us down, says we must go in. Lord Cecil, one of England's greatest thinkers, pleads for the league to save civilization. Asquith, former prime minister, proclaims the league the last hope of the world. Lloyd George, last week, pictured graphically Europe's economic crisis; the impending threat of another world war; the unparalleled engineering for the destruction of the race. He closes his appeal with these words that ring around the world:

"The league of nations is an essential part of the machinery of civilization. If it succeeds, civilization is safe; if it fails, civilization is doomed—doomed!"

"When once more the fight is renewed in the senate of the United States who will vote for Texas. When on that one vote may rest the course of this republic? Mr. Mayfield has

declared that he is for the league of nations. Mr. Ferguson has declared himself against the league of nations.

"Here then are three vital ideals in our country's life. One means no backward step in the battle for a sober nation; one means to safeguard a financial system, strong enough to save us in war and useful enough rightly administered, for the needs of peace one means the best way set up by the genius of man to stabilize a war-shocked world and preserve world civilization.

"In these circumstances leaving to my friends the same privilege of choice that they accord to me, as a matter of consistency and conscience, for me the way of duty is an open road."

## LIVESTOCK SHOW POSTPONED.

"The Champion is requested to say that due to the busy cotton season now upon us and other extenuating circumstances over which those promoting the Livestock Show which was planned for Thorndale this week had no control, it was impossible to have had the show this week and it is the consensus of opinion that no attempt to hold the show should be made until about October or November of this year.

Prof. L. I. Samuel, who as director and teacher of the Agricultural class of the Thorndale Public School, and others, whom we consulted for an expression, seemed to think it would be unwise to try to hold the show as planned and they ask the Champion to make this statement to its readers.

—Thorndale Champion.

## KU KLUX KLAN NOT A POLITICAL BODY. CLARKE, DECLARES.

Atlanta, Ga.—With the political "dopest" growing more excited every day over the reported activity of the Ku Klux Klan in city, State and national politics, and the servants of the "peepul" themselves viewing with certain apprehension the appalling power of the klan, it is interesting to learn that Edward Young Clarke, acting imperial wizard of the Ku Klux Klan, disclaims that his organization is to be a political machine.

Asked what the political status of the klan was, Mr. Clarke said: "The Ku Klux Klan shall never be an independent party, and it will never officially endorse any particular party. We are not interested in party lines nor platforms. We are, however, vitally interested in the candidates themselves. The Klan as an organization has its principles and ideals, and klansmen will naturally give their support as individuals to those men who promise to embrace these principles." Mr. Clarke stated emphatically that the klan would never dictate to its members as to how they should vote.

Referring to what is popularly known as the klan "victory" in Texas, the acting imperial wizard pointed out that the klan had taken no part of the primary contest until enemies of the organization made it an issue. "Klansmen," said Mr. Clarke, "were branded as outlaws and subjected to every sort of abuse. Our very existence was threatened. It was only human and natural that klansmen of Texas become incensed and decided to fight the matter out at the polls. Were the life of its fraternal organization jeopardized, its members would certainly rally to its support, politically or otherwise."

Plenty of meal and hulls at the Mill.

## Indigestion? Try Ironized Yeast

Do you suffer with indigestion or dyspepsia? Are you troubled with that uncomfortable bloated feeling after meals? Are you bothered with frequent headaches, gas, nausea, or chronic constipation? If so, you should use no time in trying Ironized Yeast, which has brought amazing relief to thousands of stomach sufferers. Simply take two tablets with each meal. Then watch the results. See how your appetite immediately improves. Note how quickly the bowels become regular—how painful and distressing symptoms of indigestion disappear. In a remarkably short time you will have no thought of stomach trouble. Eating will become a pleasure. You can get real joy out of every bit of your food. Get Ironized Yeast today. Then experience the blessed feeling of being able to eat a hearty meal without the least thought of discomfort. To try Ironized Yeast entirely free simply mail postcard for Famous 3-Day Test. Address: Ironized Yeast Co., Dept. 103, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists. Such as Jackson & Read, Cameron, Texas.

# "Why Should a Texan Vote the Democratic Ticket?"

Question By Jas. E. Ferguson

In a signed editorial in Ferguson's Forum of October 7, 1920, Jas. E. Ferguson said:

There is no longer any reason, logical or sentimental, why any Texan should vote the democratic ticket.

In the first place the democratic party has abandoned the principle upon which it was founded. It has left the idea of sovereign states and has helped to bring about a Washington despotism that is a shame upon civilization.

The democratic party has left the cardinal principle of individual liberty and has set up more domination and invasion of rights of the people than was ever inflicted by the czar of Russia or the Kaiser of Germany.

The democratic party has ceased to consider any question that will bring any material welfare to the people. It is now in league with the special interests to rob the people of their sustenance.

The infernal democratic party can't run the schools.

The infernal democratic party can't build roads without graft.

The infernal democratic party can't run the state government without vicious extravagance.

The infernal democratic party is already condemned and beaten in the national campaign. Cox is a joke, and Wilson is a memory.

A party without principle, the leadership, of course, must "blow up." The people everywhere have already heard the democratic explosion.

Whether you are a farmer in the country or laboring man in the city; whether you are a stockman on the ranch or a business man in town; ask yourself, with your conscience to answer: "WHY SHOULD ANY TEXAN VOTE THE DEMOCRATIC TICKET?"

JAS. E. FERGUSON.

In a signed editorial in Ferguson's Forum of October 21, 1920, Jas. E. Ferguson said:

Our only hope is to carry Texas for the American Party electors and take Texas out of the democratic column and thereby insure the election of a republican president, who will give us some relief, just to show us how bad the democrats were.

The Texas politicians, all democrats, have not got the pride of a Jack Ass or the decency of a skunk.

THEY STAND FOR NOTHING AND THEY ARE NOTHING.

JAS. E. FERGUSON.

Closing a signed editorial in Ferguson's Forum of July 29, 1920, Jas. E. Ferguson said:

Who wants to be a democrat? STAY OUT OF THE PRIMARY.

JAS. E. FERGUSON.

In a signed editorial in Ferguson's Forum of October 14, 1920, Jas. E. Ferguson said:

If the American Party electors win and they cast the electoral vote of Texas for Ferguson their nominee, then Cox is beat in Texas and Texas is freed from the democrats and Mr. Harding will not have to oversome those twenty voters in the electoral college. In other words, a republican vote for the republican electors in Texas is a vote wasted, because, as I have shown, the republican ticket can't win in Texas. But a republican vote in Texas for the American Party ticket is equal to half a vote for Harding. Every republican voter, who wants his vote to count and be effective, will add his vote to the American Party ticket and thereby make a cinch of beating the democrats in Texas.

JAS. E. FERGUSON.

In a signed editorial in Ferguson's Forum of August 19, 1920, Jas. E. Ferguson said:

As I said in Fort Worth, the DEMOCRATIC PARTY IS NOTHING, STANDS FOR NOTHING and there is nobody running it.

STAY OUT AND SAVE YOUR AMMUNITION. Don't let anybody lead you in. Then they will have to count your vote for the American Party November.

JAS. E. FERGUSON.

In a signed editorial in Ferguson's Forum of September 9, 1920, Jas. E. Ferguson said:

In other words, the democratic party Texas is busted wide open and the republican party in Texas is also busted wide open. THE AMERICAN PARTY IS ONE UNITED BAND OF BROTHERS, WHICH IS BOUND TO WIN.

You see all this is possible WHEN 650,000 PEOPLE STAY AT HOME AND SAY TO HELL WITH THE DEMOCRATIC PARTY.

JAS. E. FERGUSON.

In a signed editorial in Ferguson's Forum of August 26, 1920, Jas. E. Ferguson said:

I tell you the democratic party is "a blow up sucker." Everybody sees it. Everybody knows it. It is doubtful whether there will be 300,000 votes in Saturday's run-off. There will not be 100,000 that vote next Saturday like they will November. I am not merely expressing my opinion. I am telling you something you know as well as I do.

THE AMERICAN PARTY IS NOW THE DOMINANT FACTOR IN TEXAS POLITICS.

JAS. E. FERGUSON.

SHOPMEN DEPLORE ACTS  
OF MEN WHO WHIPPS  
MILAM COUNTY FARMER.

Temple, Texas, August 9, 1922  
To the People of Cameron, Milam County:

We see in your paper the Cameron Herald, charges made against the railroad men now on strike, that one of your neighbors, Mr. Antone Srenensky of Milam county, was attacked at Temple, on about July 21st, while passing through this city. We would state we have given close thought and investigation to this matter and it is our honest opinion that none of the men on strike at Temple had any connection with this deplorable occurrence, and further, we condemn such action and our Grand Lodge and local officials give instructions that no such actions will be tolerated, and we will give aid and co-operation with the law in trying to

apprehend and convict those guilty of this outrageous affair, if no other reason than to clear our organization of any connection with the same.

We want you people to know that we sincerely regret this happened at Temple, coming as it does and under the circumstance, it brings discredit upon our community, and for which we are very sorry. We don't believe you people can be fairminded and just in charging the striking railroad men with this affair until it has been proven that we had something to do with it. We would ask you to please allow this to appear in your daily paper.  
(Signed) Executive Committee.  
Striking Shopmen, Temple.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 25c per bottle.

# FAIR AND LIVESTOCK SHOW

## SEPTEMBER 29th AND 30th, 1922

### CAMERON

*A County-Wide  
Co-operative  
Exhibit*

*Enlisting Pure-  
bred Livestock  
Association*

The Annual Livestock and Poultry Show and Fair for Milam County will be held in Cameron on September 29 and 30 under the auspices of the Cameron Commercial Club with the full co-operation of the Milam County Purebred Livestock and Poultry Association, thus insuring the most complete co-operative and extensive exhibit of Livestock and Agricultural products ever held in Milam County.

#### *Big Annual Event*

This Show and Fair will be made an annual event to be sponsored by the Commercial Club and aided by co-operation from the Livestock men and Agricultural Producers of the county. In importance for giving expression to the Livestock and Agricultural interests of the county the Show and Fair will eclipse all previous efforts in this direction and will foster a sympathy toward these vital interests in all sections of Texas.

#### *Agricultural Exhibit*

Combined with the exhibit of Livestock and Poultry will be a great exhibit of Agricultural Products, the first exhibit of this kind to be made a part of the County Fair in Cameron. Assurances of a good Livestock and Poultry Show is given through the fact that the exhibits are to be open to all, enabling adjoining counties to send their best to the show rings and exhibit halls in Cameron. This plan was set out in recommendations by the Livestock and Poultry men of the County and demonstrates clearly that they are not afraid of outside competition and are willing to make comparisons with other sections in purebred stuff.

#### *Big Premium List*

The Premium lists this year will be more complete and in larger amounts emphasizing an appreciation of purebred livestock and poultry. The class of competition will be beneficial to exhibitors because to win a ribbon under these circumstances will enhance the exhibit.

#### *Entertainment*

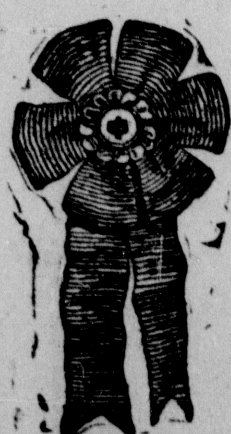

In addition to the Livestock and Poultry Show which will be the best ever held in this section, the plans call for a Fair to be featured by attractions, insuring all who pay their way to the grounds full value for their money. Concessions for shows and free attractions are being arranged for the two days so that entertainment features commensurate with the occasion will be provided.

#### *Thousands Are Coming*

The Fair and Stock Show--a great annual event--will mean the coming together of thousands of people from all over Milam County and Central, Texas. It will be such a gathering that history will be made. Thousands will come to Cameron. Make your plans now to attend the Two-Day Fair and Livestock Show on September 29 and 30.

W. M. Cobb, W. B. Skelton, J. T. Parma and J. B. White were in Lampasas last Friday to attend the fair and livestock show. They went to the fair to get information which will be of great benefit in planning the Cameron show. Mr. Cobb is in charge of the fair in Cameron and will direct all the activities of the fair committee, composed of himself, J. C. Tucker and Leland Green.

John Zalesky has opened a dry goods store in the building formerly occupied by the Cameron Motor Co. He will carry a general line of clothing and dry goods.

C. N. Green who has been confined to his home for the past several weeks is doing nicely and his many friends hope he may soon recover.

Leslie Green who has been confined to his home with typhoid fever is able to be up and will soon be at his post of duty with the Green Brothers store.

Leland Green who was confined to his home on last Thursday with an attack of typhoid fever has been showing an improvement and it is believed that he will be up in a short time.

Phone 108 for G. B. Pep.

Mrs. Judd G. Davis was taken to Temple last week for an operation. Her condition is reported satisfactory by the attending physicians.

J. E. Holtzclaw, former city marshal of Cameron, was in the city Friday and Saturday of last week from Wichita Falls where he has a responsible position with the company now constructing the great dam across the Wichita river. Mr. Holtzclaw was called to Cameron on account of the illness of his daughter, Mrs. Judd G. Davis. His many friends here were glad to see him.

Mrs. E. A. Oliver and son, Purham, returned Sunday from a pleasant visit to Houston.

Mrs. G. D. Dunlap and children left Tuesday for their home in Ballinger after a visit with Mr. and Mrs. George Graves.

Miss Annie Thatch, of Fort Worth spent two days in Cameron last week.

Judge and Mrs. Jeff Kemp and daughter, Ruth, spent last Thursday afternoon in Thorndale.

Miss Winnie May returned this week from attending Summer school at San Marcos Normal.

Dr. and Mrs. C. E. Gaston are going to attend the Dental Association at Taylor Saturday.

Miss Dallis and Mary Young have as their guests this week Misses Flora Streetman of Houston and Mary Ella Pace of Haskell.

Mr. and Mrs. J. R. Hayes returned to Cameron on last Saturday from Kernes where they had been for the past several weeks spending their vacation.

Plenty of meal and hulls at the Oil Mill.

Raymond Sharpe, Walter Sharpe, Chas. Follard, Matt. B. Bailey and Ed. and Al Dusek, with Master Ernest Sharpe as mascot, have returned from their vacation spent at Fall Creek on the Colorado river, about 20 miles from Lampasas. An enjoyable time is reported by them.

Hot August nights made cool by Westinghouse Electric fans. Everready Electric Company.

Hot August nights made cool by Westinghouse Electric fans. Everready Electric Company.

Hot August nights made cool by Westinghouse Electric fans. Everready Electric Company.

Plenty of meal and hulls at the Oil Mill.

Mr. and Mrs. T. N. Lindsey returned last Wednesday from a ten days visit to Mexia, Waco and a camp on the Bosque.

Mrs. Joe Lindsey and daughter, Geraldine, returned last Wednesday from a visit to relatives and friends in Waco and a camp on the Bosque.

Frank Johnson of Hewitt visited Joe Lindsey last week.

Mr. G. E. Marshall and daughter, Miss Mae and Julia, motored to Houston and Missouri City to visit relatives returning last Wednesday.

Phone 108 for G. B. Pep.

Misses Alice and Laura May Covan of Houston are guests of their aunts, Misses Mae and Julia Marshall.

Mrs. S. E. Barnes of Hewitt spent last week with Mrs. T. N. Lindsey.

Mrs. Bernice Hart of Winchester is visiting her parents, Mr. and M. Mahlor.

Mr. J. H. Mahler and son, Leslie, visited in Winchester last week end, combining business with pleasure.

Miss Gladys Watson left last Thursday for a visit with relatives and friends in Dallas.

Mr. and Mrs. Walter Stitt of Mexia spent several days last week with Mrs. Stitt's parents, Mr. and Mrs. T. N. Lindsey.

Mrs. Ann Riley of Paint Rock came in last Thursday to visit her sister, Mrs. M. C. Sapp, and completed the house party then in progress at Mrs. Sapp's home.

Miss Sue Griffin Webb, returned last Thursday from a five weeks visit with her grandmother in Henrietta, Oklahoma.

Lamar McGuinnis of Waco visited Messrs. Perry and Leo Wilkerson several days last week.

Mrs. J. G. Vest left last week for a visit with her sister in Arkansas.

Phone 108 for G. B. Pep.

Miss Lucile Wilson returned last Friday from attending Summer school at Baylor, Belton.

Phone 108 for G. B. Pep.

Rev. Henry McFadyen returned last week from a ten days stay in Austin doing research work.

1001 Independence Boulevard, Chicago

Gus Evans was in Houston Saturday taking State Examination in Optometry. Mr. Evans not only passed the examination but made one of the best grades of the 70 applicants.

Perry Champion of Birmingham, Alabama, spent a few days last week with Judge Watson.

Jack Taylor left Tuesday morning for Waco to visit Earle and Raymond Thompson.

## NOTICE TO THE PUBLIC.

The city of Cameron has completed the installation of playground equipment for the city park, also the construction of a concrete wading pool for the small children and believes these conveniences for the children will be greatly appreciated by the parents of the city.

It has been the policy of the administration to improve civic conditions as has been shown in the general sanitary condition of the city, the equipment and maintenance of the parks, purchase of property which has enable the slaughter pens to be moved to safe distances from the residence and park sections of the city. In pursuing this policy the city believes it has served the people to the best possible advantage.

With the installation of this park equipment it is thought advisable to call the attention of the public to the necessity of rightly using this equipment which is primarily for the children. It is hoped there will be no abuse of the equipment which has been installed at great expense to the city.

It has come to the attention of the police department that lights are being destroyed in the park and that other abuses are being made of public property in the park and this will serve to give notice that in the future all cases of this kind will be prosecuted by the city. Abuse of the public property is punishable by fine and the law will be enforced.

The city respectfully invites a wide use of the playground equipment by the small children and suggests that parents accompany their children to the park so that they may enjoy to the fullest extent this equipment which has been installed for the exclusive benefit of small children.

Very respectfully,  
J. B. WHITE, Mayor

## J. C. MARTIN APPOINTED MEMBER OF SCHOOL BOARD.

J. C. Martin was appointed Tuesday to succeed E. A. Wallace as a member of the Cameron School Board. Mr. Wallace resigned as a member of the board several weeks ago and his resignation was accepted by the city council.

Mr. Martin will begin his services at once as a member of the board as he has accepted the appointment.

Dr. E. H. Foster of Waco spent last week end with his family who are visiting Mr. and Mrs. Roy Jeter.

Mr. and Mrs. J. R. Hays returned last Saturday from a visit in Brownwood.

Some people are inconsiderate enough to become peeved when others appraise them at their real worth.

## EVANS' Corner

This corner is devoted to business, politics and general news.

And next week winds up the Ferguson-Mayfield Senatorial race. The Dallas News says there will be an effort to place 50 Ferguson speakers in Texas in this final week of lambasting. What strange and mysterious bedfellows politics do make.

We wish you to bear this point in mind that Evans' corner is the place to get your watch repaired or have your eyes tested and glasses fitted. We will probably have more to say about our Optical department next week. In the meantime think twice before you speak—and you will have fewer regrets. Ipsi dixit.

GUS EVANS  
Jeweler and Optometrist

Geo. A. Thomas & Sons, Drug Store.

was \$1785 Now \$1650

YOU can buy a Studebaker Big-Six Touring Car today for \$1650. This is the lowest price ever asked for a car of its sterling high quality.

Always a matchless value, the Big-Six stands out today more strikingly than ever in the field of fine cars.

The seven-passenger Big-Six is not a "volume" motor car, but you get it at a volume price because the Studebaker organization produces and sells three separate models with only one overhead.

Look over the field. Check the many points that will appeal to you in the selection of a car. See the Big-Six. Ride in it—we'll

Rain-proof, one-piece windshield; windshield wiper; courtesy light on the driver's side which promotes safety in passing other cars at night; tonneau lamp with long extension cord; cowl parking lights; cowl ventilator; eight-day clock; thief-proof transmission lock; tool compartment in the left front door; shock absorbers.

THIS IS A STUDEBAKER YEAR

## Texas History And The People Who Made It

The earliest history of Texas was written by David Edwards and published in 1836. This was followed by Wm. Kennedy's history, published in 1841, and Yoakum's in two volumes, published first in 1856. These are now out of print. From January to December, 1822, is said to mark the real beginning of Texas history as we know it today. From 1822 to 1876 almost continuous warfare raged with the Indians and outlaws of the state. Between 1836 and 1845 there was continuous far fare between Texas and Mexico. Texas history is unique and unlike any other state. To properly teach the lessons it holds for the present and future generations, it must be studied—it must be understood.

### CROSBY COUNTY.

Crosby county was organized on Sept. 11, 1886, and Emma was selected as the county seat. It was created out of Bexar county by act of legislature, August 21, 1876.

### CAPTURE OF SAN ANTONIO.

General Woll, a French soldier, serving under Santa Anna at the head of a force estimated from 1200 to 2,000 men, by a sudden attack captured San Antonio, September 11, 1842. The surprise of his attack was so complete that Judge Hutchinson, holding district court at the time, was captured, together with the officers of the court and many spectators in the court room.

### MILLS COUNTY.

Mills county was organized Sept. 12, 1887, with Goldthwaite as county seat. It was created out of Brown county by act of legislature, March 15, 1887.

### SHACKELFORD COUNTY.

Shackelford county, with Albany as the county seat, was organized Sept. 12, 1874. Created by act of legislature out of Bosque county, February 1, 1885.

### HENRY A. WISE.

Henry A. Wise, who died at Richmond, Va., Sept. 12th, 1848, was long a member of the United States Congress, and served as Minister to Brazil in 1844. He was elected Governor of Virginia in 1855 and it was during his administration that John Brown was captured, imprisoned, tried and hung for murder. While in Congress he endeared himself to the people of Texas by his masterly espousal of annexation of the state and the brilliant manner in which he defended the people of this state against the attacks of their defamers. They recognized this service and honored him by naming the county of Wise after him.

### JOHN B. SUTTON.

John B. Sutton was born in Newcastle, Delaware, September 12, 1821. He was appointed to a cadetship at West Point, but left and came to Texas and located at Austin in 1840.

Sutton joined the Ranger service soon after arrival and was actively engaged in that capacity when the Santa Fe expedition was organized. He was captured and carried prisoner to Castle Perote. After his release he returned to Texas and joined the Somervell Expedition. In 1849 he joined the throng to California in the gold excitement. From time to time he served under Jack Hays, sheriff of San Francisco. On his return to Texas he settled at Fort Lavaca and engaged in the mercantile business until 1861, when he volunteered and was elected captain of a company. When the Seventh Regiment of Texas Volunteers were organized at San Antonio Sutton was elected Lieutenant-Colonel and went with Sibley's Brigade to New Mexico. He suffered a shattered leg at Val Verde, February 21, 1862 and, refusing to have it amputated, he died from its effect. To perpetuate his memory in the state the county of Sutton was named after him.

### UNIVERSITY OPENS.

The University of Texas opened for the reception of students September 15, 1883.

### QUERREOR'S PROCLAMATION

Querrero, president of Mexico, issued a proclamation September 15, 1829, freeing all slaves within the domain of Mexico which included Texas. The object of this proclamation was to strike a blow at the people who had located here, coming from the United States and bringing their slaves with them, and to prevent further settling up of the territory by Americans.

### CAPTAIN BURNHAM.

Captain Jesse Burnham was born Sept. 15, 1792, Madison county, Ky., reared and married in Tennessee. He served gallantly in the war of 1812. He gathered together ten Tennessee families and came to Texas following the war of 1812, and located first at Pecan Point, on Red River. He later joined Austin's colony at San Felipe and received an allotment of land. Captain Burnham figured prominently in this colony as an Indian fighter.

The first surgical operation of record in Texas history was performed by him. A neighbor of his, by name of Parker had a crushed leg and begged for it to be amputated. After much persuasion, Burnham, aided by two others, and with a hand-saw, a shoe knife, a bent needle and cat gut fiddle string, performed the operation, doing most of it himself, as his assistants became faint and had to leave the room. The patient lingered for eleven days and died.

### RELEASE OF MEIR PRISONERS.

September 16th is Independence Day in Texas and this date in 1844 is memorable in Texas history as the release date of the Meir prisoners. (A full account of this affair, classed as the most tragic in the history of Texas, will appear later in this series.)

## 666

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know.

### The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE-BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. F.W. GROVE'S signature on box. 30c

## A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

## 666

Cures Malaria, Chills, Fever Bilious Fever, Colds and LaGrippe. 3-201f  
Sell it through the columns of the Herald

## DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

## Daddy's Evening Fairy Tale

MARY GRAHAM BONNER

### QUEEN ANNE'S LACE

"I'm going to give a party," said the Fairy Queen. "In honor of another queen."

It Wouldn't Be a Party.

"Oh, tell us about her, and tell us about the party you plan to give," shouted the Fairies.

"Yes, do tell us," said the Brownies.

"Well, we'd not mind hearing, you know," smiled the Gnomes.

"Could we come to the party? I mean, may we come to the party?" asked Billie Brownie.

"Indeed, yes," said the Fairy Queen. "You may come."

"And may we?" asked Peter Gnome.

"Indeed, yes," said the Fairy Queen. "And may we?" asked the Elves.

"Of course, of course," said the Fairy Queen. "I most certainly want you all."

"And may we also?" asked the Bogey family.

"To be sure, to be sure," said the Fairy Queen.

"How about us? Will we be asked?" the Oaf family inquired.

"Yes, yes indeed," said the Fairy Queen.

"Are you going to invite me?" asked old Witty Witch.

"It wouldn't be a party without you," said the Fairy Queen.

"And may I come in, too?" asked old Mr. Giant.

"It wouldn't be a party without you, either," the Fairy Queen answered.

"But, oh dear, oh dear," said the Elves. "We have all been so busy asking if we could come to the party that you haven't told us yet about the queen for whom you are giving the party."

"We want to know about that."

"Oh, yes," everyone shouted. "We want to hear about the queen."

"We haven't given you the chance to tell us," they all laughed.

"I'm going to give a party in honor of Queen Anne."

"Queen Anne?" they all asked.

"Yes, Queen Anne; one of the loveliest of flowers."

"Flowers?" they questioned.

"She is better known," said the Fairy Queen, "by the name of Queen Anne's Lace."

"She is a gorgeous summer wild flower. And I am going to give my party in honor of her and of her whole family, and every little creature of Fairyland is going to be invited to the Meadow at Dawn on Tuesday next."

"I must tell you more about my queen, though."

"She always wears a white dress. When you examine it carefully you see it is like flower lace, and oh, so very beautiful."

"Though Queen Anne has such a royal name she is quite willing to go anywhere, on waste ground, by roadsides, in fields—anywhere at all."

"She is hardy and strong and she's not a snob."

"It is true she often drives other flowers away by her great strength in growing."

"She is helped in this work by the flies and bees who accept her charming hospitality and who, in turn, carry her seeds all over the land so that more of her family grow up and flourish."

"It is for this dainty, pretty flower queen and all of her family that I am giving this party, as I said."

"And I want all of you to come. We are going to have dew-drop water to drink, dew-drop ice cream and dew-drop sandwiches and the Dew-Drop brothers are going to prepare the banquet."

"Then we must all sing and dance and give a play in honor of my queen and her family."

"The Breeze brothers are going to do a low whistling song of theirs and the Dawn Fairies are going to do a shadow dance."

"I have been thinking of the party for some time and now it is arranged and I hope you will all come."

"We will all come, never fear, Fairy Queen," they all shouted.

So the great day of the party came. And in the meadow the Fairies and the Fairyland creatures gave the party in honor of Queen Anne's Lace and her Flower family.

And when the party was all over the Fairy Queen bent down and kissed the exquisitely laced face of Queen Anne and Queen Anne kissed the Fairy Queen and said:

"I have kissed the Fairy Queen. And the Fairy Queen has kissed me. I am a happy flower, I am a proud flower and I am a grateful flower!"

## 8,000 HIKING CLUBS IN GREATER NEW YORK

They Swing Along Highways and Through Woods in Groups of Varying Size.

New York.—One must walk nowadays to be in the swim. Statistics gleaned from the out-door departments of the newspapers, from the Boy Scout and Campfire Girls' organizations, from the Y. M. C. A. branches and kindred bodies, from scores of amateur athletic clubs and from the leading dealers in sporting goods, indicate that

"Best Walkers Make Best Citizens," Says Mayor of New York.

today there are no less than 8,000 hiking clubs in Greater New York, with a total membership of more than a quarter of a million men and women, who are keeping themselves in the pink of condition and experiencing the real joy of living by getting regularly out into the open country with no other means of locomotion than their God-given legs.

The city of New York has taken official notice of the movement. On three occasions recently Mayor Hylan has congratulated the boys and girls of the public schools upon their enthusiasm in taking up the new sport of hiking. In his dedication of the great new public playground in the Bronx the other day Mayor Hylan extolled the athletic tendencies of the boys and girls and impressed upon them that there was no better or more profitable way in which they could pass their vacations and utilize their holidays than by the excursions into field and forest of their walking clubs. He gave the same message to the Amateur Athletic Union of Brooklyn a few days later, and when a club of East Side boys and girls

visited him at city hall preparatory to a hike to the tomb of Roosevelt at Oyster Bay he assured them that the best walkers among them would make the best citizens.

### Walk and Be Well

No less enthusiastic a champion of the walking game is Dr. Royal S. Copeland, city health commissioner. "The benefit to health and the safeguard to morals to be found in long walks," said Dr. Copeland in an interview, "are too apparent to speak of them. If one takes long walks alone it is well, for he walks the road of health, but if he takes long walks in company it is better for he adds the tonic of companionship to his exercise. Walking is the one form of exercise in which there is the minimum risk of overdoing it. In short, I consider walking the most beneficial of all exercises and it is never out of season."

"Never in my life-time," said Edward R. Wilbur, manager of a nationally known sporting goods store, "have I known such a demand as now for outdoor garments and shoes and stockings and appliances for the tourist's luncheon box. The rapid spread and tremendous popularity of the walking-club idea has no parallel in our experience."

"The hiker can make his requisite just what he feels like spending. Really, there are only two or three articles indispensable to hiking—thick walking shoes that allow lots of room, thick woolen socks and clothing that will give freedom of limb. He should have a canvas or leather musette bag, such as the soldiers used in France."

### The Cow in the Knapsack

"To get the real benefit and joy out of hiking luncheon should be carried and prepared and eaten in the open. Bread and cheese, a few slices of bacon, some coffee, a can of condensed milk, and a cake of chocolate furnish high-powered fuel for the hiker and are readily and happily assimilated even by those who in their pre-hiking days were afflicted with digestive apparatus so feeble as to balk at crackers and milk. Fortunately for the hiker, he can replenish his simple larder at any cross-roads store and provide himself with the most nutritious and appetizing food in a form that can be conveniently carried."

"No single development in the problem of food transportation for the hunter, fisherman, hiker and all lovers of the out-of-doors can compare with the gift bestowed by the man who first found the way to make condensed milk, thereby putting a dairy in every man's knapsack. Before long there will be a national association of hikers, and God! Borden will be its patron saint. Such an association could do much to encourage the spread of the most beneficial and universal of all outdoor pastimes, map out interesting routes, secure the establishment of shelters, rest-stations, and camp sites at suitable locations, and insure the rights of pedestrians on country roads."

WHAT SAY YOU?

Consider the school children.

They toil mentally five days in the week when mental toil is difficult and not at all attractive to one of their ages.

They have not attained that station in life where the value of an education is apparent. To them study is a hardship that is forced upon them by parental authority.

How, then, can we wake the children up and induce them to take a stronger personal interest in excelling in their studies? How can we induce them to strive to be at the head of their respective classes?

Honors in marking do not appeal to them as strongly as they do to the adult. The juvenile mind has not reached the point where it can appreciate to the full the glories of 99 or 100 per cent.

What, then, will appeal to their young minds? What will supply the incentive that now seems so often absent?

Prizes for excelling in study!

Let half a dozen be awarded in each grade each month, so that all will have a fair show in the competition. A single prize would not be sufficient. Too often it would be a foregone conclusion, and the incentive to excel would be destroyed.

Every child knows what it means to "get a prize." It is an event that overshadows many others with them. They will work for a prize when otherwise their inclination is for play.

It would cost a few dollars for our public school officials to arrange a series of monthly prizes, but it would be money spent to the very best advantage.

At any rate, the subject is worth discussing.

Speak up and be heard.

## NOTICE

I have phone No. 569. When you need me for tin and plumbing work, also when you want milk, butter or eggs phone me.

P. L. MARBURGER.

## SPECIAL NOTICE

The biggest band concert of the season will be held at The Natatorium Friday night.

You can't afford to miss this concert.

Come prepared to swim and hear the concert at the same time, all for twenty-five cents.

There is no better water in any pool in the state than we have.

How much more could you want for a quarter?

## COME

## Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

### TAKE

## CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

tember Term of court are:

C. W. Lawrence, Y. A. Gjedde, J. C. Tyson.

The case of Lena Wells Dossett of the May term of court has been appealed to the higher court after a motion for a new trial was overruled by the court. Bond of \$1500 has been made awaiting the verdict of the higher court.

Suit has been filed but no date set for case of Mrs. J. D. Hamilton and children of Rockdale vs. the Texas Power and Light Co., for \$50,000.

The case of T. V. Whitting vs. Compress Co., has been appealed from the May term of court to the higher court the suit involves about 100 bales of cotton.

Commissioners court are meeting today and Friday in Cameron.

Contract will be let today by the Commissioners Court for the road from the Ben Milam Highway to Hanover. Other important good road matters will be before the court.

Sheriff Blaylock swooped down on a dice game last Thursday morning in a tent on the show grounds. Ten arrests were made and an examining trial before District Attorney Jack Lewis. They were fined \$6 and cost each. Those unable to pay their fine were locked up by Sheriff Blaylock, there being three left in the county today who have been unable to pay. The 10 arrested were show men with the tent show.

## COUNTY COURT.

John Johnson, charged with aggravated assault, pleaded guilty to a simple assault, was fined \$1.00 and one day in jail.

Price Washington, charged with theft, pleaded guilty, was fined \$1.00 and one day in jail.

Arthur Clayton, charged with theft, pleaded guilty, was fined \$1.00 and one day in jail.

Cases dismissed last week in the county court.

Guaranty State Bank of Gause vs. First National Bank of Teague.

Jesse D. Rea vs. Joe Frank Pagosh dismissed at cost of the plaintiff.

The case of August Gohman vs. Texas Syndicate tried before the court Wednesday, no verdict has been rendered by the court in this case, at this time.

In County Court next week: J. Weunsch vs. Clark set for 21th.

Monday.

Goodman Christmas Saving Club vs. Cameron State Bank, Tuesday Aug. 22nd.

Thorndale Dry Goods & Grocery Co. vs. Cora McRee, Wednesday August 23rd.

## COUNTY BOARD OF TRUSTEES.

County Board of Trustees met in regular session Monday, August 7th, in the district court room in Cameron, with the following members present: W. A. Morrison, Cameron; B. R. Thompson, Sharp; J. R. Wallace, Yarellton; John E. Cherry, Rockdale; H. L. Kidd being the only member not present. There was no business to come before the board other than the action of County Superintendent J. F. Chadwick in the matter of making transfers from one district in the county to another, was sustained by the board.

## EVENING PARTY.

Mrs. Roy Jeter honored her niece,

Miss Penelope Foster of Bonham, with a beautiful party last Thursday evening.

There were about twenty-two couples participating.

The home was beautifully decorated in vases of zenias.

Tables were arranged for those who wished to play "42" and a room prepared for dancing for those who wished to dance.

At the close of the evening Mrs. Jeter assisted by her sister, Mrs. E. N. Foster of Bonham served delicious pink and white brick cream and angel food cake.

The most popular orator is the one who says the least and doesn't delay in the saying. He never tires his audience.

## A GIRL'S FACE IS HER FORTUNE

Because it is the greatest of all womanly charms, a skin which is fresh, smooth, and alluring with the radiance of health, predicts a happy future.

Don't be content to have a lifeless, sallow and blemished complexion—begin at once to remedy these defects.

Every girl can have a beautiful attractive skin if she will only learn to give it proper care.

Thorough cleaning with a fine mild soap once a day, is the secret. Cold cream is beneficial when applied to a clean skin, and rouge and powder are harmless beautifiers—beware!—start clean every day on a clean foundation.

Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough need not be harsh. The mildest toilet soap is the most thorough of cleansers, as you will know after you try Palmolive.

Its mildness and thoroughness are due to the same source—the scientific blending of Palm and Olive oils, the natural cleansers discovered thousands of years ago in ancient Egypt and made use of by Cleopatra.

Palmolive freshens, livens and stimulates the skin, leaving it delightfully fresh and rosy.

You can buy Palmolive Soap at all first class groceries and drug stores.
